Apple Pamela Dell and Sara Gilbert, 2025-08-10 Think Different In 1997 Apple was on the brink of bankruptcy So Steve Jobs approved the unique Think Different ad campaign to refresh Apple's image A long list of exceptional people such as physicist Albert Einstein and civil rights protester Rosa Parks appeared in ads accompanied by only the Apple logo and the words Think different The ads appeared in magazines and on billboards and buses On TV the commercial included spoken words in part Here's to the crazy ones The rebels The troublemakers The ones who think differently The people who are crazy enough to think they can change the world are the ones who do Superstar Company Apple Inc will forever be known as the superstar company whose ideas and products permanently changed the way people interact with technology The brand has grabbed public imagination as no other tech company has Historically it has shaped and reshaped the entire landscape of computing being almost singlehandedly responsible for the personal computer revolution Apple Seeds Just as a fruitful apple tree sprouts from a tiny seed so Apple Inc grew from a seedling idea that sprouted in the fertile soil of two young minds It was the summer of 1971 in Cupertino California A mutual friend introduced 21 year old Steve Wozniak to 16 year old Steve Jobs

the luxury of time to connect them So much about his life his viewpoint and his personal and business philosophies were mentioned but not explained We know what he said but what actually did he mean What can we learn from him This book connects those dots We see Jobs life and career through his own eyes in context and in proper perspective His process of looking back illuminated his life and by doing so he serves as an inspiration to illuminate our lives as well
