Apple Pro Training Series Compressor Quick Reference Guide Brian Gary:

Apple Pro Training Series Brian Gary, 2007-05-31 Whether you're distributing dailies, authoring a commercial DVD or prepping video clips for the Web, Compressor is essential for creating quality digital content. In this quick reference guide, professional filmmaker Brian Gary reveals essential techniques for audio and video compression. Learn timesaving batch encoding and test clip workflows. Import files in Final Cut Pro and QuickTime formats and encode them for authoring in DVD Studio Pro. Use advanced codecs like H.264 to create standard and high definition content. Compress content for the latest hardware platforms including AppleTV, iPod and HD DVD. Export interactive podcasts. Add timecode window burns and animated logos during encoding. Take advantage of job management strategies such as job chaining. And save time with Compressor's ability to handle hours of encoding unattended and then notify you by email when it's done. With this guide, you'll master the art of minimizing file size and maximizing image quality.

Apple Pro Training Series Martin Sitter, Adrian Ramseier, Jem Schofield, 2008-01-10 Now the best selling book on DVD Studio Pro is even better. Updated for DVD Studio Pro 4.2, this Apple certified book uses striking real world footage including the HD documentary *One Six Right* to build four complete DVDs. This revised edition covers integration with Final Cut Pro 6, Motion 3 and Compressor 3, as well as the new SD to HD workflow. Each chapter presents a lesson in an aspect of DVD creation and finishing with hands on projects for you to complete as you go. After learning how to storyboard your DVD and plan its interactions, you'll set chapter markers, create stories, build still and motion menus and add overlays and subtitles. You'll also learn to work with multiple audio tracks and camera angles, create smart buttons and custom transitions, professionally encode audio and video files and create useful scripts. All of Peachpit's eBooks contain the same content as the print edition. You will find a link in the last few pages of your eBook that directs you to the media files. Helpful tips: If you are able to search the book, search for "Where are the lesson files". Go to the very last page of the book and scroll backwards. You will need a web enabled device or computer in order to access the media files that accompany this eBook. Entering the URL supplied into a computer with web access will allow you to get to the files. Depending on your device, it is possible that your display settings will cut off part of the URL. To make sure this is not the case, try reducing your font size and turning your device to a landscape view. This should cause the full URL to appear.

Apple Pro Training Series David Dvorin, 2007-12-17 In this Apple certified guide, author David Dvorin demonstrates the powerful advanced features in Logic Pro that have led many of the world's top producers, composers and engineers to make this program the centerpiece of their music studios. Starting with advanced set up in the brand new interface in Logic Pro 8, he teaches you important skills like music production and editing notation and scoring to picture. Along the way, he reveals real world techniques for mixing, editing and producing and shares professional secrets for streamlining production workflows and constructing a mix to meet the most exacting standards. Experienced Logic users and newcomers alike will find invaluable methods for manipulating tempo and pitch, fine tuning audio and MIDI tracks, managing signal flow and

getting the most out of Logic's revolutionary audio instruments. A companion DVD includes the lesson and media files needed to complete the book's exercises plus free trial Logic plug-ins from leading manufacturers. *Apple Pro Training Series* Michael Wohl, 2009-12-23 In this Apple authorized guide, director and filmmaker Michael Wohl teaches the advanced skills that editing professionals need to know most. Using professional broadcast documentary and dramatic footage, Wohl delivers a comprehensive course in video editing and finishing. Readers will learn how to create polished transitions, fix screen direction errors, edit multi-camera projects, work with nested sequences, create fantastic effects, use filters creatively, and composite like a pro. Also covers advanced workflows for managing clips and media and working with film. DVD-ROM includes lesson and media files. Focused lessons take you step by step through professional real-world projects. Accessible writing style puts an expert instructor at your side. Ample illustrations and keyboard shortcuts help you master techniques fast. Lesson goals and time estimates help you plan your time. Chapter review questions summarize what you've learned and prepare you for the Apple Certified Pro Exam. All of Peachpit's eBooks contain the same content as the print edition. You will find a link in the last few pages of your eBook that directs you to the media files. Helpful tips: If you are able to search the book, search for "Where are the lesson files?" Go to the very last page of the book and scroll backwards. You will need a web-enabled device or computer in order to access the media files that accompany this eBook.
