Historical Dictionary of African American Cinema S.

Torriano Berry, Venise T. Berry, 2015-05-07 As early as 1909 African Americans were utilizing the new medium of cinema to catalogue the world around them using the film camera as a device to capture their lives and their history The daunting subject of race and ethnicity permeated life in America at the turn of the twentieth century and due to the effect of certain early films specific television images and an often biased news media it still plagues us today As new technologies bring the power of the moving image to the masses African Americans will shoot and edit on laptop computers and share their stories with a global audience via the World Wide Web These independently produced visions will add to the diverse cache of African American images being displayed on an ever expanding silver screen This wide range of stories topics views and genres will finally give the world a glimpse of African American life that has long been ignored and has yet to be seen This second edition of Historical Dictionary of African American Cinema covers its history through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 1400 cross referenced entries on actors actresses movies producers organizations awards and terminology this book provides a better understanding of the role African Americans played in film history This book is an excellent access point for students researchers and anyone wanting to know more about African American cinema

Actress Madison Ava Jones, 2021-05-02 First International Edition May 2021

In the spirit of The Handmaid s Tale comes this explicit autobiographical account of a young actress s initiation into a hidden society of dominating film industry power brokers Told in an intelligent and unfiltered voice by the young ing nue herself as she learns what a select group of talent agents really wants in exchange for her ascent to notoriety it is an unapologetic erotically charged confession unlike anything ever written about life behind the silver screen The author recounts an intense period of her life when an audition for a film triggers an offer from an elite Hollywood agency to sign her on as a client When she becomes personally involved with Wyatt her charismatic agent she falls madly in love only to discover the insane world of control and power that he expects her to submit to if she wants to make it From the unfiltered eroticism to the provocative psychology behind her cult like ownership to the secretive inner workings of global movie agencies Actress tells it all and doesn t leave anything out Chapters The Factory The Audition The Agency The Private Private Gym True Cinematic Romance Complete Career Control Sky High Obedience Training The War for Fame Discipline and Punishment A Dream of Slavery A Break from Reality The Grand Auction From The Book I gave him a swift glance but he quickly looked away I put the glass to my lips and could taste that it was vodka I tipped it to my mouth and gulped it down The liquor sent a chill through my body and caused my eyes to water There was a moment of silence as I looked at all the men standing there in front of a long row of windows and the dirty blue skyscape of Los Angeles in the background I had certainly never been to any meeting like this Do you really want to be famous Madison I closed my eyes and opened them again suddenly realizing what was happening here There was no way I could do this I thought There was no way I was going to be manhandled like this I told myself Yes I said to him In this business power is all about who owns the stars The stars are our propaganda and their obedience to us is our collateral he went on And obedience is a very difficult thing to be sure of You don t have to worry about me I insisted He put his legs against my thighs and pushed them open so I was spread wide for everyone there to see He began to casually fondle me rolling his fingers up and down my bare legs I could feel Wyatt looking at me I wanted to look back and see that he was in control of what was happening here and that he would protect me It was just last night that he had been so tender Do you understand you need to submit without hesitation Yes I said again I wanted more than anything else just to scream out that I

couldn't do this that this wasn't me and I couldn't be controlled by men like this Do you understand that you need to be broken in he asked abruptly grabbing me by the hair There was a sense of exhilaration in his words that made me want to just stop thinking about anything I had never been treated so roughly before yet it wasn't that It was more the looming expectation that this was going to be some kind of ritualistic force It was as if I was going through a trial of submission that had been established long before I walked into the room and long before I had even started down the path to becoming an actress Yes I told him again in a hesitant attempt to sound confident yet not having any idea what his words truly meant I couldn't believe this was happening
