

A New History Of Shinto

James L. McClain

A New History Of Shinto:

A New History of Shinto John Breen, Mark Teeuwen, 2010-01-11 This accessible guide to the development of Japan's indigenous religion from ancient times to the present day offers an illuminating introduction to the myths, sites and rituals of kami worship and their role in Shinto's enduring religious identity. Offers a unique new approach to Shinto history that combines critical analysis with original research. Examines key evolutionary moments in the long history of Shinto including the Meiji Revolution of 1868 and provides the first critical history in English or Japanese of the Ise shrine, one of the most important in all Japan. Traces the development of various shrines, myths and rituals through history as uniquely diverse phenomena, exploring how and when they merged into the modern notion of Shinto that exists in Japan today. Challenges the historic stereotype of Shinto as the unchanging, all-defining core of Japanese culture.

A New History of Shinto John Breen, Mark Teeuwen, 2010-01-11 This accessible guide to the development of Japan's indigenous religion from ancient times to the present day offers an illuminating introduction to the myths, sites and rituals of kami worship and their role in Shinto's enduring religious identity. Offers a unique new approach to Shinto history that combines critical analysis with original research. Examines key evolutionary moments in the long history of Shinto including the Meiji Revolution of 1868 and provides the first critical history in English or Japanese of the Ise shrine, one of the most important in all Japan. Traces the development of various shrines, myths and rituals through history as uniquely diverse phenomena, exploring how and when they merged into the modern notion of Shinto that exists in Japan today. Challenges the historic stereotype of Shinto as the unchanging, all-defining core of Japanese culture.

Shinto Helen Hardacre, 2017 Helen Hardacre offers for the first time in any language a sweeping comprehensive history of Shinto, the tradition that is practiced by some 80% of the Japanese people and underlies the institution of the Emperor.

Taiwan: A New History Murray A. Rubinstein, 2020-07-26 This book explores Taiwan's development from its beginnings as a political entity to a home for a Ming loyalist regime to its centuries as a Chinese prefecture and province to its half century as a Japanese possession and to fifty years as the home of the Kuomintang controlled Republic of China.

Shinto Nobutaka Inoue, Endo Jun, Mori Mizue, Ito Satoshi, 2003-09-02 Shinto: A Short History provides an introductory outline of the historical development of Shinto from the ancient period of Japanese history until the present day. Shinto does not offer a readily identifiable set of teachings, rituals or beliefs. Individual shrines and kami deities have led their own lives, not within the confines of a narrowly defined Shinto but rather as participants in a religious field that included Buddhist, Taoist, Confucian and folk elements. Thus this book approaches Shinto as a series of historical religious systems rather than attempting to identify a timeless Shinto essence. This history focuses on three aspects of Shinto practice: the people involved in shrine worship, the institutional networks that ensured continuity, and teachings and rituals. By following the interplay between these aspects in different periods, a pattern of continuity and discontinuity is revealed that challenges received understandings of the history of Shinto. This book does not presuppose prior knowledge of Japanese

religion and is easily accessible for those new to the subject **Shinto, Nature and Ideology in Contemporary Japan** Aike P. Rots, 2017-09-07 Shinto Nature and Ideology in Contemporary Japan is the first systematic study of Shinto's environmental turn. The book traces the development in recent decades of the idea of Shinto as an ancient nature religion and a resource for overcoming environmental problems. The volume shows how these ideas gradually achieved popularity among scientists, priests, Shinto-related new religious movements and eventually the conservative shrine establishment. Aike P. Rots argues that central to this development is the notion of *chinju no mori*, the sacred groves surrounding many Shinto shrines. Although initially used to refer to remaining areas of primary or secondary forest, today the term has come to be extended to any sort of shrine land signifying not only historical and ecological continuity but also abstract values such as community spirit, patriotism and traditional culture. The book shows how Shinto's environmental turn has also provided legitimacy internationally influenced by the global discourse on religion and ecology in recent years. The Shinto establishment has actively engaged with international organizations devoted to the conservation of sacred sites. Shinto sacred forests thus carry significance locally as well as nationally and internationally and figure prominently in attempts to reposition Shinto in the centre of public space **A Social History of the Ise Shrines** Mark Teeuwen, John Breen, 2017-02-09 The Ise shrine complex is among Japan's most enduring national symbols and **A Social History of the Ise Shrines** Divine Capital is the first book to trace the history of the shrines from their beginnings in the seventh century until the present day. Ise enshrines the Sun Goddess Amaterasu, the imperial ancestress and the most prominent among kami deities and has played a vital role in Japan's social, political and religious history. The most popular pilgrims attraction in the land from the sixteenth century onwards, in 2013 the Ise complex once again captured the nation's attention as it underwent its periodic rebuilding performed once every twenty years. Mark Teeuwen and John Breen demonstrate that the Ise Shrines underwent drastic re-inventions as a result of on-going contestation between different groups of people in different historical periods. They focus on the agents responsible for these re-inventions, the nature of the economic, political and ideological measures they took and the specific techniques they deployed to ensure that Ise survived one crisis after another in the course of its long history. This book questions major assumptions about Ise, notably the idea that Ise has always been defined by its imperial connections and that it has always been a site of Shinto. Written by leading authorities in the field of Shinto studies, this is the essential history of Japan's most significant sacred site **Routledge Handbook of Modern Japanese History** Sven Saaler, Christopher W. A. Szpilman, 2017-10-16 The Routledge Handbook of Modern Japanese History is a concise overview of modern Japanese history from the middle of the nineteenth century until the end of the twentieth century. Written by a group of international historians, each an authority in his or her field, the book covers modern Japanese history in an accessible yet comprehensive manner. The subjects featured in the book range from the development of the political system and matters of international relations to social and economic history and gender issues to post-war discussions about modern Japan's

historical trajectory and its wartime past Divided into thematic parts the sections include Nation empire and borders Ideologies and the political system Economy and society Historical legacies and memory Each chapter outlines important historiographical debates and controversies summarizes the latest developments in the field and identifies research topics that have not yet received sufficient scholarly attention As such the book will be useful to students and scholars of Japanese history Asian history and Asian Studies **A New History of Medieval Japanese Theatre** Noel John

Pinnington,2019-02-21 This book traces the history of noh and ky gen the first major Japanese theatrical arts Going beyond P G O Neill s Early N Drama of 1958 it covers the full period of noh s medieval development and includes a chapter dedicated to the comic art of ky gen which has often been left in noh s shadow It is based on contemporary research in Japan Asia Europe and America and embraces current ideas of theatre history providing a richly contextualized account which looks closely at theatrical forms and genres as they arose The masked drama of noh with its ghosts chanting and music and its use in Japanese films has been the object of modern international interest However audiences are often confused as to what noh actually is This book attempts to answer where noh came from what it was like in its day and what it was for To that end it contains sections which discuss a number of prominent noh plays in their period and challenges established approaches It also contains the first detailed study in English of the ky gen repertoire of the sixteenth century **Japan, a Modern History** James L. McClain,2002 Japan A Modern History provides a comprehensive narrative that integrates the political social cultural and economic history of modern Japan from the investiture of Tokugawa Ieyasu in 1603 to the present
