A Private Couple Creates A Public Garden:

A Private Couple Creates a Public Garden Frances K. Bickelhaupt, 1999 **The California Garden Tour** Donald Olson, 2017-08-09 A fantastic garden journey that only California can provide In The California Garden Tour veteran travel writer Donald Olson highlights 50 outstanding public gardens and provides all the information you need to make the most of your visit From San Francisco and the East Bay to Palm Springs and San Diego Olson includes iconic gardens like the Getty Center new favorites like Alcatraz and uniquely Californian destinations like Lotusland and Sunnylands The easy to use format includes visitor information an evocative description and full color photography for each garden **From Damascus to Beirut** Hazem Fadel, 2016-02-08 Notably studies on the Arabic novel tend to focus on canonical writers like the Egyptian novelist and Nobel laureate Naguib Mahfouz 1911 2006 and leave out or just mention en passant the work of others This book is not concerned with the ways in which the Arabic novel breaks away from or reproduces Mahfouz's approach and techniques but focuses instead on the way in which the authors in question engage with the phenomena of nationalism feminism post and neo colonialism civil war and social change in the Arab world using an urban scenario as their privileged point of observation The Arabic city is privileged as a focal point because it is the space where the struggles over issues of nation building gender religion and class as well as the patriarchal colonialist Zionist and sectarian violence linked to these issues manifest themselves most evidently To this end From Damascus to Beirut Contested Cities in Arab Writing brings together four novels published between 1969 and 1989 which have never been approached from this perspective nor put in this kind of dialogue before Ulfat Idilbi's Damascus Ghassan Kanafani's Haifa Ahlam Mosteghanemi's Constantine and Elias Khoury's Beirut are social and historical products and as such as Henri Lefebvre maintains are deeply rooted in politics and affected by ideology The cities discussed here in fact display the ebbs and flows of political and social life in their respective countries and in the Arab world in general Each city stands at a crucial point in the history of the Arab world and the way in which they are represented by their respective authors sets the stage for and sometimes even foreshadows an upcoming defeat or disappointment Albeit for different reasons Damascus Haifa Constantine and Beirut are all expressions of failures either on national political social or economic levels Paradoxically however they are also the repositories of their people's hopes and aspirations as well as of their disappointments Analysing these novels as such this book will be of particular interest to postcolonial readers and more importantly to English speaking readers who are interested in the study of modern Arabic literature Its close textual analysis offers the reader new tools not only for understanding themes and narrative techniques pertaining to the Arabic novel but also the contemporary political cultural and social issues that produced them
