international headlines for the kind of political instability that occurs when electoral violence is expressed along ethnic lines such as during the Kenya crisis of 2007/08 when over 1 000 people lost their lives and almost 700 000 were displaced The Oxford Handbook of Kenyan Politics explains these developments and many more drawing together 50 specially commissioned chapters by leading researchers The chapters they have contributed address a range of essential topics including the legacy of colonial rule ethnicity land politics devolution the constitution elections democracy foreign aid the informal economy civil society human rights the International Criminal Court the growing influence of China economic policy electoral violence and the impact of mobile phone technology In addition to covering some of the most important debates about Kenyan politics the volume provides an insightful overview of Kenyan history from 1930 to the present day and features a set of chapters that review the impact of devolution on regional politics in every part of the country

City Boy: Chronicles of a Nairobi Life Dr. Frank Njenga, 2025-05-22 The mention of an African autobiography often evokes images of a want and penury a childhood sullied by poverty and hopelessness and the predictable rags to riches narrative Not so for City Boy In this bold and refreshing account Dr Frank Njenga a leading psychiatrist and author weaves a compelling tale of growing up in an

affluent neighbourhood attending a once European only school enjoying foreign travel in childhood and all the trappings of a good upbringing His account of the Mau Mau period as well as the post independence era is captivating With candour and charm he invites readers into the world that shaped him a world of books travel privilege and the rich tapestry of people who influenced his journey It is a story that turns tables on the notion that rural poverty and adversity in childhood are the building blocks of a successful life Rather City Boy offers a new lens through which to view adolescence in the 1960s personal ambition and what it takes to scale the heights of professional growth In City Boy Dr Njenga rewrites the script on success with elegance honesty and a rare clarity of thought
