Frederic Harrison,1886 "...the real war will never get in the books": *Selections from Writers During the Civil War* Louis P.
Masur,1994-11-21 These thousands and tens and twenties of thousands of American young men badly wounded all sorts of
wounds operated on pallid with diarrhea languishing dying with fever pneumonia and at the same time the sharp quiet whit
whit of bullets chippered close to our ears And along the way we sample many vivid portraits of the era perhaps the most
surprising of which is Louisa May Alcott s explanation of why she preferred her noon to midnight schedule in a Washington
hospital I like it as it leaves me time for a morning run which is what I need to keep well I trot up down the streets in all
directions some times to the Heights then half way to Washington again to the hill over which the long trains of army wagons
are constantly vanishing ambulances appearing That way the fighting lies I long to follow With unmatched intimacy and
immediacy the real war will never get in the books illuminates the often painful intellectual and emotional efforts of fourteen
accomplished writers as they come to grips with The American Apocalypse **A Question of Blood** Steve Bowles,1984

Life Choice: The Theory of Just Abortion Lloyd H. Steffen,1999-06-11 Is abortion murder or is abortion a choice An issue
which has divided America both politically and religiously the abortion debate has built opposing walls that make
compromise seem impossible Lloyd Steffen uses compassionate insight and wisdom in analyzing both sides of the abortion
debate and offers a unique platform by which all are invited to reason together **Literary World; Choice Readings from
the Best New Books, with Critical Reviews** ,1888 A Digest of Railway Decisions Stewart Rapalje,William Mack,1897

Ethnic Options Mary C. Waters,1990-08-09 Mary Waters admirable study of Americans ethnic choices produces a rich
social scientific yield Its theoretical interest derives from the American irony that while ethnicity is supposed to be ascribed
many Americans are active in choosing and making their ethnic memberships and identities The monograph is
simultaneously objective and attentive to subjective meaning simultaneously quantitative and qualitative and simultaneously
sociological and psychological Her research problems are well conceived and her findings important and well documented As
ethnicity and race continue in their high salience in American society and politics sound social scientific studies like this one
are all the more valuable Neil Smelser co editor of *The Social Importance of Self Esteem* One of the most sensible and
elegant books about ethnicity in the United States that has ever been my great pleasure to read Andrew M Greeley
University of Chicago Skilled in both demographic and interviewing methods Mary Waters makes ethnicity in contemporary
America come alive We learn how people construct their identities and why This is sociological research at its very best and
will be of interest to policy makers and educated Americans as well as to students and scholars in several disciplines Theda

Skocpol Harvard University Perhaps the most intriguing question in the study of the old European immigration is how the 4th 5th and later generations who are the offspring of several intermarriages are choosing their ethnic identities from the several available to them Professor Waters clever mix of quantitative and qualitative research has produced some thoughtful and eminently sensible answers to that question making her book required reading for students of ethnicity Her work should also interest general readers concerned with their or their children s ethnic identity or just curious about this yet little known variety of American pluralism Herbert J Gans Columbia University Waters has produced a work with broad theoretical implications The title may be regarded as one of the first serious attempts to understand the dynamics of postmodern societies Waters shows that ethnicity becomes transformed from ascriptive into an achieved status a voluntary construction of individual identity and group solidarity Waters also shows that in America at least this increased flexibility is unavailable to racial minorities Jeffrey C Alexander University of California Los Angeles A theoretically informed and theoretically driven fine grained analysis pooling ideas and issues in both ethnography and demography Stanley Lieberson Harvard University Thanks to Ethnic Options we have a much better understanding of the social and cultural significance of responses to the ancestry question on the 1980 census By combining in depth interviews with analysis of census data Mary Waters puts flesh on the demographic bare bones Her findings suggest that ethnicity is becoming less an ascribed trait fixed at birth than an option that depends on circumstance whim and increasingly the ethnicity of one s spouse Stephen Steinberg author of The Ethnic Myth
