A Question of Sex Kristan Poirot, 2014 Examines the rhetoric of feminist movements from the nineteenth century to the present
Genderblindness in American Society Lucy J. Miller, 2019-06-25 Genderblindness in American Society The Rhetoric of a System of Social Control of Women rhetorically analyzes discourses of the current genderblind system of social control that seeks to render gender as irrelevant in public life As an ideology genderblindness shapes women's experiences in the public sphere by working to limit our understandings of gender and to separate the continued marginalization of women from ideas of gender discrimination Taking a critical rhetoric perspective Lucy J Miller examines the discourse of genderblindness in the contexts of the gender wage gap abortion rights rape culture and tech culture **Rhetoric and Human Consciousness** Craig R. Smith, 2017-04-12 For two decades students and instructors have relied on award winning author Craig Smith's detailed description and analysis of rhetorical theories and the historical contexts for major thinkers who advanced them He employs key themes from important philosophical schools in this well researched chronicle of rhetoric and human consciousness One is that rhetoric is a response to uncertainty The modern philosophers like the naturalists of ancient Greece and the Scholastics who preceded them tried to end uncertainty by combining the discoveries of science and psychology with rationalism Their aim was progress and a consensus among experts as to what truth is However where modernism proved ineffective rhetoric was revived to fill the breach Another significant theme is that different conceptions of human consciousness lead to different theories of rhetoric and for every major school of thought another school of thought forms in reaction Classic and contemporary examples demonstrate the usefulness of rhetorical theory especially its ability to inform and guide By providing probes for rhetorical criticism discussions also demonstrate that rhetorical criticism illustrates verifies and refines rhetorical theory Thus the synergistic relationship between theory and criticism in rhetoric is no different than in other arts Theory informs practice analysis of successful practice refines theory Smith's absorbing study has been expanded to include thorough treatments of rhetoric in the Romantic Era feminist and queer theory and historical context for the creation of rhetorical theory and its use in public address *Ethics and Representation in Feminist Rhetorical Inquiry* Amy Dayton, Jennie Vaughn, 2021-09-21 The historiography of feminist rhetorical research raises ethical questions about whose stories are told and how Women and other marginalized people have been excluded historically from many formal institutions and researchers in this field often turn to alternative archives to explore how women have used writing and rhetoric to participate in civic life share their lived experiences and effect change Such methods may lead to innovation in documenting practices that took place in local grassroots settings The chapters in this volume present a frank conversation about the ways in which feminist scholars engage in the work of recovering hidden rhetorics and grapple with the ethical challenges raised by this recovery work *Mothering Rhetorics* Lynn O'Brien Hallstein, 2020-03-03 Once only a topic among women in the private sphere motherhood and mothering have become

important intellectual topics across academic disciplines Even so no book has yet devoted a sustained look at how exploring mothering rhetorics the rhetorics of reproduction rhetorics about the reproductive function of women mothers and reproducing rhetorics the rhetorical reproduction of ideological systems and logics of contemporary culture expand our understanding of mothering motherhood communication and gender Mothering Rhetorics begins to fill this gap for scholars and teachers interested in the study of mothering rhetorics in their historical and contemporary permutations The contributions explore the racialized rhetorical contexts of maternity how fixing food is thought to fix families while also regulating maternal activities and identity how Black female breastfeeding activists resisted the exploitation of African American mothers in Detroit how women in pink collar occupations both adhere to and challenge maternity leave discourses by rhetorically positioning their leaves as time off and disability identifying verbal and nonverbal shaming practices related to unwed motherhood during the mid twentieth century and redefining alternative postpartum placenta practices This book was originally published as a special issue of Women's Studies in Communication

F. Kennedy and the Liberal Persuasion John M. Murphy, 2019-01-01 The first serious study of his discourse in nearly a quarter century John F Kennedy and the Liberal Persuasion examines the major speeches of Kennedy's presidency from his famed but controversial inaugural address to his belated but powerful demand for civil rights It argues that his eloquence flowed from his capacity to imagine anew the American liberal tradition Kennedy insisted on the intrinsic moral worth of each person and his language sought to make that ideal real in public life This book focuses on that language and argues that presidential words matter Kennedy's legacy rests in no small part on his rhetoric and here Murphy maintains that Kennedy's words made him a most consequential president By grounding the study of these speeches both in the texts themselves and in their broader linguistic and historical contexts the book draws a new portrait of President Kennedy one that not only recognizes his rhetorical artistry but also places him in the midst of public debates with antagonists and allies including Dwight Eisenhower Barry Goldwater Richard Russell James Baldwin Martin Luther King Jr and Robert Kennedy Ultimately this book demonstrates how Kennedy's liberal persuasion defined the era in which he lived and offers a powerful model for Americans today Female Husbands Jen Manion, 2020-03-26 A timely and comprehensive history of female husbands in Anglo America from the eighteenth through the turn of the twentieth century
