Excerpt from *A Naturalist in Mexico Being a Visit to Cuba Northern Yucatan and Mexico* In presenting this little volume to the public a word or two in explanation of the circumstances which gave it birth may not be deemed inappropriate The author had originally intended making a little pamphlet covering some of the more interesting experiences of the Mexican Expedition It has been thought however that the important nature of the expedition and the linking together of narrative science and history a combination not often attempted by authors were circumstances sufficient to justify its publication in a more pretentious form About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
