A Philosophical Anthropology Of The The Cruciform Self:

A Philosophical Anthropology of the Cross Brian Gregor, 2013-03-18 What does the cross both as a historical event and a symbol of religious discourse tell us about human beings In this provocative book Brian Gregor draws together a hermeneutics of the self through Heidegger Gadamer Ricoeur and Taylor and a theology of the cross through Luther Kierkegaard Bonhoeffer and J ngel to envision a phenomenology of the cruciform self The result is a bold and original view of what philosophical anthropology could look like if it took the scandal of the cross seriously instead of reducing it into general philosophical concepts

Christology in Christian-Muslim Dialogue Rev Fr Dr Robert Afayori, 2021-02-11 Understanding the religious beliefs and practices of the other raises hermeneutic questions on the extent to which the dialogical call to openness is related to commitment the meaning of religious identity and whether openness to the beliefs of the other poses a threat to one s religious identity If interreligious learning demands that the interlocutors unite their attitude of commitment and openness how does this occur without the loss of alterity This book addresses these questions within the context of Christian Muslim dialogue on Christology as an exercise in learning a new form of dialogue which leads Christians and Muslims to the discovery of common values such as prayer and submission to God peace and peaceful co existence and solidarity with the poor and marginalised

Mirrors of Self Jonathan P. Badgett, 2021-10-14 Orthodox Christology maintains that Jesus Christ is both truly God and truly human As such he is the key to knowing both God and self In a series of applications of christological anthropology *Mirrors of Self* develops this epistemic premise in dialogue with a diversity of Christian and secular historical and modern perspectives Aspects of human personhood including the ever elusive self gain greater clarity and significance in the light of Christ s person and work At the center of individual human subjectivity we encounter a broken sin blinded self in need of renewal and release What healing we find comes to us as Christ s ecological presence works in and through others the mirrors of self whose instrumental agency Christ employs in service to his own redemptive ends

A Companion to Ricoeur's The Symbolism of Evil Scott Davidson, 2020-05-20 The *Symbolism of Evil* is the final book in Ricoeur s early trilogy on the will While *Freedom and Nature* sets aside normative questions altogether and *Fallible Man* examines the question of what makes the bad will possible here Ricoeur takes up the question of evil in its actuality What is the nature of the will that has succumbed to evil The question of evil resists reflection and remains inscrutable leading Ricoeur to proceed indirectly through a study of the abundant resources contained in

symbols and myths Symbols as Ricoeur famously says give rise to thought and thereby open up a field of meanings which help to inform a philosophical reflection on evil This hermeneutics of symbols signals an important shift in Ricoeur s philosophical trajectory which increasingly turns to language and the various forms of discourse which harbor multiple meanings The contributors to this volume edited by Scott Davidson highlight a wide range of important themes in Ricoeur s treatment of the symbolics of evil that resonate with current topics in contemporary philosophy and religion *Ontology and Ethics* Adam C. Clark, Michael Mawson, 2013-08-27 Recent scholarship in a number of disciplines has explored the relationship between ontology and ethics The essays in this collection indicate what the German theologian Dietrich Bonhoeffer 1906 1945 has to contribute to this discussion By engaging the breadth of his academic and pastoral writings these essays retrieve Bonhoeffer s theology for a contemporary audience They do so by critically clarifying and extending key concepts developed by Bonhoeffer across his corpus and in dialogue with Hegel Heidegger Dilthey Barth and others They also create dialogues between Bonhoeffer and more recent figures like Levinas Agamben Foucault and Lacoste Finally they take up pressing contemporary ethical issues such as globalization managerialism and racism *Paul Ricœur, Philosophical Hermeneutics, and the Question of Revelation* Christina M. Gschwandtner, 2024-01-08 The topic of revelation is fundamental to any account of religious experience playing a special role in the Judeo Christian tradition where the texts of Scripture are regarded as revealed Yet any reflection on the revealed status of a given message or text requires interpretation Paul Ric ur one of the most important hermeneutic philosophers of the twentieth century provides crucial insights on how such interpretation might proceed and what it might mean for texts to be revealed Edited by Christina M Gschwandtner Paul Ricoeur *Philosophical Hermeneutics and the Question of Revelation* brings together major scholars of Ric ur s work on the topic of revelation showing both the role it already plays in his work and how his thinking might be taken further Several contributors trace the development of his thought in regard to the concept of revelation Others discuss the revelatory dimensions of Ric ur s hermeneutics of the self especially for such issues as identity trauma and forgiveness Several contributions also place his work in conversation with that of other seminal thinkers on the topic of revelation such as Karl Barth and Paul Tillich *Res* Francesco Pellizzi, 2015-08-03 RES 65 66 includes Francesco Pellizzi Editorial RES at 35 Remo Bodei A constellation of words Mary Weismantel Encounters with dragons Z S Strother A terrifying mimesis Wyatt MacGaffey Franchising minkisi in Loango Karen Overbey Seeing through stone Noam Andrews The space of knowledge and other papers *Kierkegaard and Religion* Sylvia Walsh, 2018-03-08 No thinker has reflected more deeply on the role of religion in human life than S ren Kierkegaard who produced in little more than a decade an astonishing number of works devoted to an analysis of the kind of personality character and spiritual qualities needed to become an authentic human being or self Understanding religion to consist essentially as an inward passionate personal relation to God or the eternal Kierkegaard depicts the art of living religiously as a self through the creation of a kaleidoscope of poetic figures who

exemplify the constituents of selfhood or the lack thereof The present study seeks to bring Kierkegaard into conversation with contemporary empirical psychology and virtue ethics highlighting spiritual dimensions of human existence in his thought that are inaccessible to empirical measurement as well as challenging on religious grounds the claim that he is a virtue ethicist in continuity with the classical and medieval virtue tradition Struggling with God Simon D Podmore,2013-10-31 Invoking the biblical motif of Jacob s struggle with the Face of God Genesis 32 Simon D Podmore undertakes a constructive theological account of spiritual trial tentatio known in German mystical and Lutheran tradition as *Anfechtung* in relation to enduring questions of the otherness and hiddenness of God and the self the problem of suffering and evil the freedom of Spirit and the anxious relationship between temptation and ordeal fear and desire This book traces a genealogy of spiritual trial from medieval German mystical theology through Lutheran and Pietistic thought Tauler Luther Arndt Boehme and reconstructs Kierkegaard s innovative yet under examined recovery of the category *AnfAegtelse* a Danish cognate for *Anfechtung* within the modern context of the spiritless decline of Christendom Developing the relationship between struggle *Anfechtung* and release *Gelassenheit* Podmore proposes a Kierkegaardian theology of spiritual trial which elaborates the kenosis of the self before God in terms of Spirit s restless longing to rest transparently in God Offering an original rehabilitation of the temptation of spiritual trial this book strives for a renewed theological hermeneutic which speaks to the enduring human struggle to realise the unchanging love of God in the face of spiritual darkness
