THE KURDS

A Modern History Of The Kurds

David McDowall

A Modern History Of The Kurds:

A Modern History of the Kurds David McDowall, 1997 David McDowall examines the interplay of old and new aspects of the struggle the importance of local rivalries within Kurdish society the enduring authority of certain forms of leadership and the failure of modern states to respond to the challenge of Kurdish nationalism *A Modern History of the Kurds* David McDowall, 2021-03-25 David McDowall's ground breaking history of the Kurds from the 19th century to the present day documents the underlying dynamics of the Kurdish question The division of the Kurdish people among the modern nation states of Iraq Turkey Syria and Iran and their struggle for national rights continues to influence the politics of the Middle East Drawing extensively on primary sources including documents from The National Archive and interviews with prominent Kurds the book examines the interplay of old and new aspects of the struggle the importance of local rivalries and leadership within Kurdish society and the failure of modern states to respond to the challenge of Kurdish nationalism In this new and revised edition McDowall also analyses the momentous transformations affecting Kurdish socio politics in the last 20 years With updates throughout and substantial new material included this fourth edition of the book reflects the developments in the field and the areas which have gained importance and understanding This includes new analysis of the Kurdish experience in Syria the role of political Islam in Kurdish society and Kurds involvement in Islamist Jihad and issues surrounding women and gender that were previously overlooked from the impact of the women's equality movement to how patriarchal practices within the Kurdish community still limit its progress The foundation text for Kurdish Studies this book highlights in detail the changing situation of the Kurds across the Middle East *The Kurds* Michael M. Gunter, 2015-09 Calling on more than 30 years of studying the Kurdish issue numerous trips to the region and many contacts among the Kurds including almost all of their main leaders Michael Gunter has written a short but thorough history of the Kurds that is well documented but still proves very readable His narrative also includes numerous interesting personal experiences that will further explain these people who are for the most part moderate Muslims in favour of gender equality and are also wildly pro American **A Modern history of the Kurds** David MacDowall, 1977 Kurdish Awakening Ofra Bengio, 2014-11-15 *Kurdish Awakening* examines key questions related to Kurdish nationalism and identity formation in Syria Iraq Iran and Turkey The world's largest stateless ethnic group Kurds have steadily grown in importance as a political power in the Middle East particularly in light of the Arab Spring As a result Kurdish issues political cultural and historical alike have emerged as the subject of intense scholarly interest This book provides fresh ways of understanding the historical and sociopolitical underpinnings of the ongoing Kurdish awakening and its already significant impact on the region Rather than focusing on one state or angle this anthology fills a gap in the literature on the Kurds by providing a panoramic view of the Kurdish homeland's various parts The volume focuses on aspects of Kurdish nationalism and identity formation not addressed elsewhere including perspectives on literature gender and constitution making Further broad thematic essays include a

discussion of the historical experiences of the Kurds from the time of their Islamization more than a millennium ago up until the modern era a comparison of the Kurdish experience with other ethno national movements and a treatment of the role of tribalism in modern nation building This collection is unique in its use of original sources in various languages The result is an analytically rich portrayal that sheds light on the Kurds prospects and the challenges they confront in a region undergoing sweeping upheavals

The Kurds David McDowall, Minority Rights Group, 1996 With a population of 26 million the Kurds are the Middle East s largest ethnic community without a state of its own The persecution and state sponsored violence endured by the Kurds is legion exemplified by the razing of thousands of Kurdish villages in Turkey and the massacres resulting from chemical weaponry in Iraqi Kurdistan The Kurds is a thoroughly revised and updated edition by the renowned writer David McDowall The author focuses on Kurdish history society and Kurds changing way of life in the heartlands of Kurdistan in Iran Iraq and Turkey A further valuable insight is given into the situation of Kurds in Europe Lebanon the former Soviet Union and Syria The report ends with a series of recommendations which seek to provide a balance between the legitimate sovereign requirements of the governments concerned and the rights of the Kurdish people to free cultural expression and a genuine measure of control over their own affairs

Conflict Among Rebels Costantino Pischedda, 2020-11-24 Why do rebel groups frequently clash instead of cooperating against their shared enemy the state This pattern occurs in conflicts around the world yet it flies in the face of common notions of strategic logic Weaving together insights from international relations theory and the study of ethnic politics Costantino Pischedda presents an original theory to unravel the puzzle of inter rebel conflict Examining the dynamics of civil wars in Iraq Ethiopia Lebanon Sri Lanka and Syria Pischedda argues that infighting is a calculated response by rebel groups to perceived opportunities and vulnerabilities Conflicts break out between groups when one sees the potential to eliminate weaker rivals at a low cost or fears the deterioration of its power relative to a competitor and embarks on a desperate gamble Counterintuitively Pischedda finds that rebels sharing an ethnic identity are especially prone to violent conflict as they see each other as both potential existential threats and enticing opportunities for expansion Since coethnic rebels aspire to control the same community their antagonism is stark and immediate In addition insurgents expect to be able to draw on the resources of defeated rivals from the same ethnic group more easily than they could on those of outsiders Marshaling a range of data Pischedda s mixed methods study features original interviews conducted with former insurgent leaders The first book length examination of inter rebel fighting Conflict Among Rebels sheds new light on a key question of civil war dynamics why the enemy of my enemy is not always my friend

A Modern History of the Kurds David McDowall, 2004-05-14 In this detailed history of the Kurds from the 19th century to the present day McDowall examines the interplay of old and new aspects of the struggle the importance of local rivalries within Kurdish society the enduring authority of certain forms of leadership and the failure of modern states to respond to the challenge of Kurdish nationalism Drawing extensively on primary sources McDowall s

book is useful for all who want a better understanding of the underlying dynamics of the Kurdish question Kurdish Studies - Volume 8 Issue 2 - October 2020 Marlene Schäfers, Metin Atmaca, Ronay Bakan, Hazal Hürman, Michael Knapp, Joost Jongerden, Cihan Erdost Akin, David Romano, Martin van Bruinessen, Kurdish Studies is the leading journal in the field In his editorial for last year s May issue of Kurdish Studies founding editor Prof Ibrahim Sirkeci noted how navigating the highly contested and politically charged field of Kurdish studies required impartiality and a commitment to academic integrity on the part of the journal Yet our professed impartiality does not mean that we stand aloof from social and political developments nor that our editorial work is not guided by a number of moral political and academic principles As the leading scholarly journal in the field of Kurdish studies we are aware of the role that the journal plays in creating structures of visibility shaping knowledge production and not least influencing careers We therefore believe that the recent discussion on male violence and sexual harassment in Kurdish studies which was initiated by the publication of an anonymous letter via the Kurdish Studies Network is of direct significance to the journal It has initiated a discussion that was in many ways long overdue both for the field as a whole and for our journal *Kurdish Studies Archive* Martin van Bruinessen, 2025-01-07

Kurdish Studies Archive publishes the content of volumes 1 to 10 of Kurdish Studies This interdisciplinary and peer reviewed journal was dedicated to publishing high quality research and scholarship Since 2023 the journal has been continued as the new Kurdish Studies Journal published by Brill and focuses on research scholarship and debates in the field of Kurdish studies in a multidisciplinary fashion covering a wide range of topics including but not limited to economics history society gender minorities politics health law environment language media culture arts and education

Immerse yourself in heartwarming tales of love and emotion with Crafted by is touching creation, Tender Moments: **A Modern History Of The Kurds** .
