A More Perfect Union Book One A Primer On Governance:

A More Perfect Union - Book One Ergo the Martian, 2015-11-12 Over the past two centuries American democracy has made substantial progress toward becoming more expansive inclusive and egalitarian Unfortunately we are now at a point where this effort has stalled and where further progress is doubtful In short our governmental structure has reached the bounds of its effectiveness and our governance is now in decline Americans sense this There is a strong undercurrent of dissatisfaction flowing through the land and Americans are frustrated with the inability of their elected leaders to govern As a result they are seeking salvation from presidential candidates both left and right that they perceive as political outsiders Trump Carson Fiorina and Sanders Unfortunately this too is not the answer Through the guise of an unbiased visitor from Mars Ergo the Martian the author offers insight on what is going wrong and more importantly ideas on how to make it right with proposals that are sound plausible reasoned and achievable These proposals are not for our elected officials who are collectively the problem but rather are for frustrated Americans who are the only ones that can make a difference and who by collective and concerted effort can actually right the ship Liberty and Laissez-Faire Steven Soderlind, 2017-04-07 With the election of Donald Trump as president of the United States of America the relationship between laissez faire and liberty is drawing renewed attention Steven Soderlind an economist and professor emeritus at St Olaf College in Northfield Minnesota delves into how the two are connected emphasizing the critical role that economics and politics play in determining our liberty in this extended essay His goal is to encourage thoughtful reflection on government at a time when many associate liberty with minimal intervention Find out what the past tells us about preserving and promoting liberty as well as the thoughts of venerable economists philosophers and critics such as Adam Smith Thomas Robert Malthus David Ricardo Karl Marx John Stuart Mill August Friedrich von Hayek Joseph Alois Schumpeter Gunnar Myrdal and Milton Friedman Throughout his analysis Soderlind seeks to answer a key question Is laissez faire or government action the preferred route to liberty Join the author as he considers the advantages and disadvantages that laissez faire brings to the quest for liberty and our continuing mission to form a more perfect Union *Our Constitutional Republic* William J. Dell, 2022-05-18 What more can be said about a book than that all Americans should read and think about it In this time of challenges for America here is a reasonable readable passionate balanced book telling the tale of our nation s meaning from before its founding until the present day It captures the original American spirit of hunger for liberty and opportunity of love of God and of reverence for honest hard work Written by a man who has served our country all his life and knows why he has done this the book reminds America in reasoned words and well written prose of our founders words and intentions Will echoes patriot voices old and new holding up a standard of truth self reliance tolerant mercy to others and most of all the standard of liberty Will traces our founding principles the rise and effect of progressive politics and the horrible threats America faces today He explains how we must all be aware and active Most importantly he tells us all what we can and must do to see that America does not

perish from the earth Today Americans need this book We need to read it before our next election Enjoy and profit from your time with Will I have **New England Journal of Education** Thomas Williams Bicknell, Albert Edward Winship, Anson Wood Belding, 1901 Wisconsin Journal of Education ,1908 Time Briton Hadden, 1962 Deliberation and the Restoration of America's Democratic Potential Elkin Terry Jack, Edward N. Wright, 2007-08-17 Deliberation and the Restoration of America's Democratic Potential explains why and how deliberation is the foundation of our democratic way of life and the impact it has on our political institutions The book discusses the origins of the Constitution the use of federalism to enliven our communities the necessity mediating institutions to aggregate the voice of the people and the processes of the three branches of government and their connection to American citizens It concludes with a look into the future of politics and government urging the reader toward a more active role for the citizen leader Overall this work offers a comprehensive view of the American governmental system one that every citizen can use as a manual when reevaluating his or her role in the practice of politics **Journal of Education** ,1892 **Small Press** ,1989 *The American Printer* ,1918
