*A Negro Explorer at the North Pole* Matthew Alexander Henson,1912 *A Negro Explorer at the North Pole* Matthew A. Henson,2010-03-23 *A Negro Explorer At The North Pole* *A Negro Explorer At The North Pole* 1912 By Matthew A Henson Introduction by Booker T Washington Forward presented by Robert E Peary In short Matthew Henson next to Commander Peary held and still holds the place of honor in the history of the expedition that finally located the position of the Pole because he was the best man for the place During twenty three years of faithful service he had made himself indispensable From the position of a servant he rose to that of companion and assistant in one of the most dangerous and difficult tasks that was ever undertaken by men In extremity when both the danger and the difficulty were greatest the Commander wanted by his side the man upon whose skill and loyalty he could put the most absolute dependence and when that man turned out to be black instead of white The Commander was not only willing to accept the service but was at the same time generous enough to acknowledge it

*A Negro Explorer at the North Pole* Matthew Henson,2023-01-18 **A Negro Explorer at the North Pole** Matthew Alexander Matthew Alexander Henson,2013-07-25 One of the first questions which Commander Peary was asked when he returned home from his long patient and finally successful struggle to reach the Pole was how it came about that beside the four Esquimos Matt Henson a Negro was the only man to whom was accorded the honor of accompanying him on the final dash to the goal The question was suggested no doubt by the thought that it was but natural that the positions of greatest responsibility and honor on such an expedition would as a matter of course fall to the white men of the party rather than to a Negro To this question however Commander Peary replied in substance Matthew A Henson my Negro assistant has been with me in one capacity or another since my second trip to Nicaragua in 1887 I have taken him on each and all of my expeditions except the first and also without exception on each of my farthest sledge trips This position I have given him primarily because of his adaptability and fitness for the work and secondly on account of his loyalty He is a better dog driver and can handle a sledge better than any man living except some of the best Esquimo hunters themselves

*A Negro Explorer at the North Pole* Matthew A. Henson,2001 Due to a failed expedition a decade earlier during which Peary lost nine of his toes to frostbite and had to be carried two hundred miles to safety by Henson Peary was

nearly a cripple for the final North Pole expedition and could do little more than ride on his sled behind the main party Jacket

Henson, 2017-12-18 Excerpt from A Negro Explorer at the North Pole Yet two of the interesting points which present themselves in connection with his work may be noted Henson son of the tropics has proven through years his ability to stand tropical temperate and the fiercest stress of frigid climate and exposure while on the other hand it is well known that the inhabitants of the highest north tough and hardy as they are to the rigors of their own climate succumb very quickly to the vagaries of even a temperate climate The question presents itself at once Is it a difference in physical fiber or in brain and will power or is the difference in the climatic conditions themselves About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
