M. Surveyor,1927 *Catalogue of the Library of the Law School of Harvard University* Harvard Law School. Library,1909 *Famous Cases* Brian P. Block,John Hostettler,2002 A collection of some of the most famous cases in English law with an explanation of how they changed things by two leading commentators Every UK lawyer knows of Woolmington v Director of Public Prosecutions the ruling which established the golden thread of English law whereby the burden of proof lies with the prosecutor in a criminal trial even in the case of murder But who was Woolmington and how many people know that he escaped the death penalty at the eleventh hour or that he was twice tried for murder Lords give man back his life as the Western Gazette put it Likewise in the civil law how and why did a Mrs Donoghue come to be drinking a bottle of ginger beer containing the remnants of a snail an event which would ultimately determine at the highest level that the categories of negligence are never closed And how did the tranquil market town of Wednesbury come to be legal shorthand for unreasonableness In Famous Cases Nine Trials that Changed the Law the authors have painstakingly assembled the background to a selection of leading cases in English law From the Mareva case synonymous with a type of injunction to Lord Denning's classic ruling in the High Trees House case the turning point for equitable estoppel to that of the former Chilean head of state General Pinochet in which the House of Lords heard the facts a second time the authors offer a refreshing perspective to whet the appetite of every law student general reader or seasoned practitioner interested in how English law evolves *Notable Cross-Examinations* Edward Wilfrid Fordham,2018-12-05 The object of this book is to let the cross examination of one or more of the principal witnesses in each case dealt with speak for itself with only such notes added as may be needed to clarify what might otherwise be obscure In almost every trial a considerable part of the evidence adduced though essential to the proof of the case is less dramatic than that of the principal parties concerned Each case referred to here is therefore prefaced by an attempt very briefly to explain the chief matters at issue indicating rather than setting out in detail the points which the witnesses whose cross examination is cited had established or endeavoured to establish in their evidence in chief It is not intended in these pages to assess or criticise the

value or brilliance of the cross examination The reader will have to do that for himself He will indeed be in the position of a listening jurymen save of course in this that he will have to rely upon himself and will not have the invaluable assistance of the Judge's summing up to guide him in his assessment This however is a less grievous handicap than it would have been had not the verdict it is to be assumed been well and truly arrived at with the help referred to in the more or less distant past E W Fordham
