## **A Once Great Nation The Brainwashing Of Americas Youth:**

Truth Party: America's Plan John Coffey, 2011-11-07     *A Once Great Nation* Christian Myers, 2015-07-09 Each day our leaders introduce more laws and concepts that affect our school system Raising your child as a Christian is getting more difficult and by their first year of college most have lost all faith in God Agenda 21 Common Core Evolution and many false doctrines are all taught as part of school curriculum A Once Great Nation discusses many of these new laws and concepts that you may not be aware of and how they affect your child's faith     *Takeover, Liberalism In America* Christopher Phillips, 2011-04-21     **Hello New America, Western Civilization, and This Insane Planet Earth!** Frank Belcher, 2015-06-11 The author applies very basic animal science principles to humans as an explanation of how and why we do what we do and react to as animals ourselves In reading this you may come to understand more about basic greed and how it affects our lives throughout the world Human behavior is indeed animal behavior sometimes disguised and sometimes not This story is the authors perception in simple terms of what is becoming of the United States of America     Operation REBIRTH AMERICA Second Edition America Publications, 2007-09     **Religious Intolerance, America, and the World** John Corrigan, 2020-04-17 As the news shows us every day contemporary American culture and politics are rife with people who demonize their enemies by projecting their own failings and flaws onto them But this is no recent development Rather as John Corrigan argues here it's an expression of a trauma endemic to America's history particularly involving our long domestic record of religious conflict and violence Religious Intolerance America and the World spans from Christian colonists intolerance of Native Americans and the role of religion in the new republic's foreign policy crises to Cold War witch hunts and the persecution complexes that entangle Christians and Muslims today Corrigan reveals how US churches and institutions have continuously campaigned against intolerance overseas even as they've abetted or performed it at home This selective condemnation of intolerance he shows created a legacy of foreign policy interventions promoting religious freedom and human rights that was not reflected within America's own borders This timely captivating book forces America to confront its claims of exceptionalism based on religious liberty and perhaps begin to break the grotesque cycle of projection and oppression     America's Rise to Greatness Under God's Covenant Miles Huntley Hodges, 2020-04-26 This book is part of a three part series on America as a Covenant Nation This volume covers from the rise of America's industrial revolution in the late 1800s to America's taking the position in the Cold War 1950s as the leader of the Free World It is a typical social political economic and military history of America untypical however in how it connects the intellectual moral and spiritual character of America with those same social events It takes the reader through the days of Western imperialism World War One the Roaring Twenties the Great Depression World War Two the beginning of the Cold War and finally the age of Middle America's grand success the 1950s It focuses heavily on the leaders most frequently the country's presidents and how their own personal spirituality shaped their times and the way the Christian community in particular responded to both the social

challenges facing it and the spiritual leadership attempting to inspire and guide it. It seeks to give the Christian reader or Secular reader if he or she is willing to be challenged a highly detailed knowledge of the historical path social and spiritual that has brought us to today's world and its enormous challenges. *Custom Maid Spin for New World Disorder* Peter De Krassel, 2005-08. We the Maids For the Maids By the Maids we are the maids that clean up and pay for America's geopolitical mess. A political manifesto for our difficult and troubled times. *Custom Maid Spin for New World Disorder* is a trenchant analysis of the political social and moral ills that beset the United States. This is a book written for anyone with a stake in the future of America. He takes particular aim at the country's career politicians sensationalist media and jingoistic culture. And he suggests ways in which America can put its house in order. The first chapter *The Hypocrisy of Fake Morality with Real Orgasms* examines how American journalists have increasingly focused on frivolous stories about the sex lives of public figures rather than the real issues affecting the country. In the years leading up to the 9/11 attacks for example more time was spent by the American media chasing the Monica Lewinsky affair than tackling difficult topics like the rise of Islamic extremism abroad or the long overdue need for campaign finance reform. Further chapters cover racism and bigotry religion America's great opportunity in the new millennium the breakdown of family structures spin and disinformation. The book concludes with an exhortation to a return to the principles of the Founding Fathers. A new millennium offers a unique opportunity for change. It is a chance for Americans to retake control of their political system and reassess their values in an increasingly religious stressed out debt laden consumerist society. Peter de Krassel was born in England of a Russian father and Palestinian Jewish mother. He has lived all over the world including Switzerland Israel and the United States. Currently he lives in Hong Kong. He has a unique perspective on world events both from the influences of the places he's lived in and the people he has met as well as from his varied career. **Congressional Record** United States.
