A Right To Be Hostile The Boondocks Treasury:

A Right to Be Hostile Aaron McGruder, 2003-09-23 Here s the first big book of The Boondocks more than four years and 800 strips of one of the most influential controversial and scathingly funny comics ever to run in a daily newspaper With bodacious wit in just a few panels each day Aaron serves up and sends up life in America through the eyes of two African American kids who are full of attitude intelligence and rebellion Each time I read the strip I laugh and I wonder how long The Boondocks can get away with the things it says And how on earth can the most truthful thing in the newspaper be the comics From the foreword by Michael Moore *A Right to be Hostile* Aaron McGruder, 2003 **A Right to Be Hostile** Aaron McGruder, 2003-09 Examines life in America with a focus on politics from the perspective of two African American children in over 800 strips **Right to Be Hostile** Erica R. Meiners, 2010-11-01 In *Right to be Hostile* scholar and activist Erica Meiners offers concrete examples and new insights into the school to prison pipeline phenomenon showing how disciplinary regulations pedagogy pop culture and more not only implicitly advance but actually normalize an expectation of incarceration for urban youth Analyzed through a framework of an expanding incarceration nation Meiners demonstrates how educational practices that disproportionately target youth of color become linked directly to practices of racial profiling that are endemic in state structures As early as preschool such educational policies and practices disqualify increasing numbers of students of color as they are funneled through schools as under educated unemployable dangerous and in need of surveillance and containment By linking schools to prisons Meiners asks researchers activists and educators to consider not just how our schools physical structures resemble prisons metal detectors or school uniforms but the tentacles in policies practices and informal knowledge that support naturalize and extend relationships between incarceration and schools Understanding how and why prison expansion is possible necessitates connecting schools to prisons and the criminal justice system and redefining what counts as educational policy *Incorrigibles and Innocents* Lara Saguisag, 2018-10-05 Nominated for Eisner Award Winner of the 2018 Ray and Pat Browne Award Winner of the Charles Hatfield Book Prize from the CSS Histories and criticism of comics note that comic strips published in the Progressive Era were dynamic spaces in which anxieties about race ethnicity class and gender were expressed perpetuated and alleviated The proliferation of comic strip children white and nonwhite middle class and lower class male and female suggests that childhood was a subject that fascinated and preoccupied Americans at the turn of the century Many of these strips including R F Outcault s Hogan s Alley and Buster Brown Rudolph Dirks s The Katzenjammer Kids and Winsor McCay s Little Nemo in Slumberland were headlined by child characters Yet no major study has explored the significance of these verbal visual representations of childhood *Incorrigibles and Innocents* addresses this gap in scholarship examining the ways childhood was depicted and theorized in late nineteenth and early twentieth century comic strips Drawing from and building on histories and theories of childhood comics and Progressive Era conceptualizations of citizenship and nationhood Lara Saguisag demonstrates that child characters in comic

strips expressed and complicated contemporary notions of who had a right to claim membership in a modernizing expanding nation

From Du Bois to Obama Charles Pete Banner-Haley, 2010-06-16 In his groundbreaking new book Charles Pete Banner Haley explores the history of African American intellectualism and reveals the efforts of black intellectuals in the ongoing struggle against racism showing how they have responded to Jim Crow segregation violence against black Americans and the more subtle racism of the postintegration age Banner Haley asserts that African American intellectuals including academicians social critics activists and writers serve to generate debate policy and change acting as a moral force to persuade Americans to acknowledge their history of slavery and racism become more inclusive and accepting of humanity and take responsibility for social justice Other topics addressed in this insightful study include the disconnection over time between black intellectuals and the masses for which they speak the ways African American intellectuals identify themselves in relation to the larger black community America as a whole and the rest of the world how black intellectuals have gained legitimacy in American society and have accrued moral capital especially in the area of civil rights and how that moral capital has been expended Among the influential figures covered in the book are W E B Du Bois Ralph Ellison Richard Wright James Weldon Johnson E Franklin Frazier Ralph Bunche Oliver C Cox George S Schuyler Zora Neale Hurston Martin Luther King Jr Jesse Jackson Cornel West Toni Morrison bell hooks Charles Johnson and Barack Obama African American intellectuals as Banner Haley makes clear run the political gamut from liberal to conservative He discusses the emergence of black conservatism with its accompanying questions about affirmative action government intervention on behalf of African Americans and the notion of a color blind society He also looks at how popular music particularly rap and hip hop television movies cartoons and other media have functioned as arenas for investigating questions of identity exploring whether African American intellectuals can also be authentically black A concluding discussion of the so called browning of America and the subsequent rise in visibility and influence of black intellectuals culminates with the historic election of President Barack Obama an African American intellectual who has made significant contributions to American society through his books articles and speeches Banner Haley ponders what Obama s election will mean for the future of race relations and black intellectualism in America

Bad Men Howard Ramsby II., 2020-04-01 How have African American writers drawn on bad black men and black boys as creative touchstones for their evocative and vibrant art This is the question posed by Howard Ramsby s new book which explores bad men as a central recurring and understudied figure in African American literature and music By focusing on how various iterations of the bad black man

figure serve as creative muse and inspiration for literary production Ramsy puts a wide variety of contemporary African American literary and cultural works in conversation with creativity research for the first time Employing concepts such as playfulness productivity divergent thinking and problem finding Ramsy examines the works of a wide range of writers including Elizabeth Alexander Amiri Baraka Paul Beatty Ta Nehisi Coates Tyehimba Jess Trymaine Lee Adrian Matejka Aaron McGruder Evie Shockley and Kevin Young who have drawn on notions of bad black men and boys to create innovative and challenging works in a variety of genres Through groundbreaking readings Ramsy demonstrates the fruitfulness of viewing black literary art through the lens of creativity research *Human Rights Worldwide* Zehra F. Kabasakal Arat, 2006-06-08

This work offers an insightful guide to the global struggle for human rights the problems and shortcomings of the international human rights regime and the resources essential to human rights studies From royal decrees in the ancient kingdoms of Persia and Babylon to the latest controversies over reform of the United Nations establishing international human rights norms has been a recurrent if sometimes elusive objective in world affairs Internationally and domestically controversies over human rights continue to fuel endless debate in politics legal discourse and the media International human rights norms and treaties have helped to put Balkan war criminals behind bars but genocidal acts continue in other parts of the world Can governments equipped with coercive power eliminate human rights abuses Who will counterbalance the increasing power of transnational corporations How effective are the NGOs Do human rights become a luxury under threats to the national security
