A New History Of Christianity:

A New History of Christianity Hans Joachim Hillerbrand, 2012 Dig into the story of Christianity from its origins to today

A New History of Christianity Vivian Hubert Howard Green, 2000-03-03 Written from an objective historical perspective *A New History of Christianity* provides the best readable yet scholarly one volume account of Christianity from its origins to the present day Chapters cover Christian beginnings the growth of the early Christian communities the character of the medieval Church popular religion the Protestant Reformation the Catholic Reformation the early modern Church the Church in the nineteenth century the Church in war and peace and the crisis of the modern Church *A New History of Christianity* V. H. H. Green, 1998 If you want to know where Christianity came from it would be hard to beat Vivian Green's history an unsentimental guide to the good and evil done in Christ's name over the past 2000 years the Economist

A New History of Christianity Vivian Hubert Howard Green, 1996 *A New History of Christianity* bears all the hallmarks of a good one volume history of Christianity balanced judicious lacking in confessional bias or special pleading comprehensive without overwhelming the reader with superfluous detail and readable Vivian Green has the knack of telling an intricate ever changing story of vast historical sweep and a large cast of characters with clarity simplicity and literary grace In 11 chapters Green covers 20 centuries from the youthful Christian community with its intrinsically Jewish origins to the vast multifaceted institution on the verge of the Third Millennium Particularly noteworthy is the attention devoted to the present condition of the Christian movement Green studies the pontificate of John Paul II the status of religion in post Communist Russia and Eastern Europe the rise of televangelism and neo Fundamentalism and the crisis of changing moral values He also examines the ordination of women the exponential growth of Christianity in Africa and its decline in the Northern Hemisphere and the ferment in Latin America *A New History of Early Christianity* Charles Freeman, 2009-01-01

Tracing the astonishing transformation that the early Christian church underwent from sporadic niches of Christian communities surviving in the wake of a horrific crucifixion to sanctioned alliance with the state Charles Freeman shows how freedom of thought was curtailed by the development of the concept of faith The imposition of correct belief and an institutional framework that enforced orthodoxy were both consolidating and stifling Uncovering the church's relationships with Judaism Gnosticism Greek philosophy and Greco Roman society Freeman offers dramatic new accounts of Paul the resurrection and the church fathers and emperors **BOOK JACKET** *A New History of Christianity* Hans J.

Hillerbrand, 2012-08-01 This book is a history of Christianity from its earliest beginnings to the end of the twentieth century The book provides students with an introduction to the many persons places movements and events necessary for the telling of our story the story of the Church This history of Christianity is told in its essentials simply and straightforwardly for students with little or no experience in the academic study of religion It is a story told within the complex contexts of larger world events and world cultures but defined and simplified by attention to those developments which have proven most

influential for the past and present shaping of Church thought and practice The book is a comprehensive and definitive introduction to the history of Christianity It provides students with the necessary outline and description of the broad sweep of movements and periods in this history but it also pauses at important points to provide details about the lives of Christians as lived at various times and in various locations This story is told in easy to understand prose and with illustrative photographs maps and charts

Medieval Christianity Kevin Madigan, 2015-01-01 A new narrative history of medieval Christianity spanning from A D 500 to 1500 focuses on the role of women in Christianity the relationships among Christians Jews and Muslims the experience of ordinary parishioners the adventure of asceticism devotion and worship and instruction through drama architecture and art
