The Intellectual repository for the New Church. (July/Sept. 1817). [Continued as] The Intellectual repository and New Jerusalem magazine. Enlarged ser., vol.1-28 New Church gen. confer, 1879 **Notes on the Hebrew Text of the Book of Genesis** George James Spurrell, 1887 **1 Samuel** Susanne Scholz, 2025-11-18 Recent biblical studies especially feminist interpretations evince keen awareness of how the constitutive role of the contextual realities for example

race class and gender of the texts but also of the interpreters themselves shapes our readings and the range of questions and insights they yield With critical awareness of these realities whole new vistas open up on the Bible and its world First Samuel presents a surprisingly fruitful test case for such interpretations shedding important light on this historical narrative and our reading of it in a world of ethnic geopolitical and gender turbulence In alignment with the insights of intersectional biblical hermeneutics Scholz s conceptual feminist approach to 1 Samuel advances five key thematic areas They include the geopolitics of land and gender the variously positioned male characters the depicted governance model of the monarchy the ethnonational stereotypes embedded in references to the male Philistines and the inscription and erasure of female characters as mothers wives daughters unnamed women and witch Most feminist biblical criticism has centered on female figures in the Bible or reconstructing the situations of women in that world This work is different It focuses on the convergence of gender relations geopolitics emerging nationalisms and archaeology and history both then and now in the world of the text and in the interpreter s own world Equally alert to the telling details and the unquestioned assumptions of our reading the result is a fully critical and radically self aware encounter with the text its context and its reverberations in our own day Scholz s strikingly insightful analysis sets a new standard for interpreting 1 Samuel and indeed for approaching biblical studies
