**A Post-Liberal Peace** Oliver Richmond, 2012-08-21 This book examines how the liberal peace experiment of the post Cold War environment has failed to connect with its target populations which have instead set about transforming it according to their own local requirements Liberal peacebuilding has caused a range of unintended consequences These emerge from the liberal peace's internal contradictions from its claim to offer a universal normative and epistemological basis for peace and to offer a technology and process which can be applied to achieve it When viewed from a range of contextual and local perspectives these top down and distant processes often appear to represent power rather than humanitarianism or emancipation Yet the liberal peace also offers a civil peace and emancipation These tensions enable a range of hitherto little understood local and contextual peacebuilding agencies to emerge which renegotiate both the local context and the liberal peace framework leading to a local liberal hybrid form of peace This might be called a post liberal peace Such processes are examined in this book in a range of different cases of peacebuilding and statebuilding since the end of the Cold War This book will be of interest to students of peacebuilding peacekeeping peace and conflict studies international organisations and IR Security Studies

**Practicing Post-Liberal Peacebuilding** Julian Graef, 2015-07-20 Practicing Post Liberal Peacebuilding engages with one of the central debates in Peace and Conflict Studies and International Relations The book's innovation lies in the introduction and application of practice theory to develop a critical methodology for mapping the everyday practices of post liberal hybridity in Liberia **Peace in International Relations**

Oliver Richmond, 2003-03-19 This book examines the way in which peace is conceptualized in IR theory a topic which has until now been largely overlooked The volume explores the way peace has been implicitly conceptualized within the different strands of IR theory and in the policy world as exemplified through practices in the peacebuilding efforts since the end of the Cold War Issues addressed include the problem of how peace efforts become sustainable rather than merely inscribed in international and state level diplomatic and military frameworks The book also explores themes relating to culture development agency and structure It explores in particular the current mantras associated with the liberal peace which appears to have become a foundational assumption of much of mainstream IR and the policy world Analyzing war has often led to the dominance of violence as a basic assumption in and response to the problems of international relations This book aims to redress the balance by arguing that IR now in fact offers a rich basis for the study of peace **Peace** Oliver P.

Richmond, 2023-01-24 Very Short Introductions Brilliant Sharp Inspiring The concept of peace has always attracted radical thought action and practices It has been taken to mean merely an absence of overt violence or war but in the contemporary era it is often used interchangeably with peacemaking peacebuilding conflict resolution and statebuilding The modern concept of peace has therefore broadened from the mere absence of violence to something much more complicated In this Very Short Introduction Oliver Richmond explores the evolution of peace in practice and in theory exploring our modern

assumptions about peace and the various different interpretations of its applications This second edition has been theoretically and empirically updated and introduces a new framework to understand the overall evolution of the international peace architecture

**ABOUT THE SERIES** The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

**Peace in International Relations** Oliver P. Richmond, 2020-01-06 This updated and revised second edition examines the conceptualisation and evolution of peace in International Relations IR theory The book examines the concept of peace and its usage in the main theoretical debates in IR including realism liberalism constructivism critical theory and post structuralism as well as in the more direct debates on peace and conflict studies It explores themes relating to culture development agency and structure not just in terms of representations of IR and of peace but in terms of the discipline of IR itself The work also specifically explores the recent mantras associated with liberal and neoliberal versions of peace which appear to have become foundational for much of the mainstream literature and for doctrines for peace and development in the policy world Analysing war has often led to the dominance and mitigation of violence as a basic assumption in and response to the problems of IR This study aims to redress this negative balance by arguing that the discipline offers a rich basis for the study of peace which has advanced significantly over the last century or so It also proposes innovative theoretical dimensions of the study of peace with new chapters discussing post colonial and digital developments This book will be of great interest to students of peace and conflict studies politics and IR

**The Palgrave Handbook of Peace, Conflict and Security Studies in Africa** Elias O. Opongo, David Kaulem, Susan M. Mbula, Sarah Njeri, 2025-10-30 The Palgrave Handbook of Peace Conflict and Security in Africa is a groundbreaking reference resource that offers an interdisciplinary and decolonial exploration of peace conflict and security across the African continent It features theoretical articulations that explore new approaches to peacebuilding in Africa rethinking peacebuilding strategies and decolonized approaches to governance and peace sustainability The volume is organized into three thematic sections Peace Conflict and Security each addressing the theoretical foundations methodological innovations and emerging challenges that shape Africa's unique peace and security landscape The chapters provide both theoretical and methodological insights while highlighting locally grounded strategies and alternatives to dominant Western frameworks

*Locally Based Civil Conflict Transformation Between Partnership and Power Imbalance* Samantha Ruppel, 2025-02-12 This book examines the processes and dynamics of cooperation between different actors in civil peace service projects in Kenya Sierra Leone and Liberia The joint handling of conflicts and peacebuilding challenges by local and international actors has a long tradition in German peace work and is becoming increasingly important in a globalized world Therefore the book explores the question relevant for both academia and peace practitioners to what extent an equal partnership can exist in the context of civil

conflict transformation By focusing on the opportunities and challenges of cooperation the work succeeds in focusing on everyday activities analyzing the actual processes and frictions of peace work and making a valuable contribution to critical peace research and the discussion of hybridity and friction The Palgrave Encyclopedia of Peace and Conflict Studies Oliver P. Richmond, Gëzim Visoka, 2022-06-21 This encyclopaedia provides a comprehensive overview of major theories and approaches to the study of peace and conflict across different humanities and social sciences disciplines Peace and conflict studies PCS is one of the major sub disciplines of international studies including political science and international relations and has emerged from a need to understand war related systems and concepts and how to respond to it afterward As a living reference work easily discoverable and searchable the Palgrave Encyclopedia of Peace and Conflict Studies offers solid material for understanding the foundational historical and contemporary themes concepts theories events organisations and frameworks concerning peace conflict security rights institutions and development The Palgrave Encyclopaedia of Peace and Conflict Studies brings together leading and emerging scholars from different disciplines to provide the most comprehensive and up to date resource on peace and conflict studies ever produced Clan and Tribal Perspectives on Social, Economic and Environmental Sustainability James C. Spee, Adela J. McMurray, Mark D. McMillan, 2021-03-01 In a climate of in migration clan and tribal communities have been forced to build sustainable solutions together Breaking fresh ground by shining a light on sustainability journeys from outside the global mainstream this book demonstrates how sustainable development occurs in respectful collaboration between equals **Institutional Reforms and Peacebuilding** Nadine Ansorg, Sabine Kurtenbach, 2016-09-13 This book deals with the question how institutional reform can contribute to peacebuilding in post war and divided societies In the context of armed conflict and widespread violence two important questions shape political agendas inside and outside the affected societies How can we stop the violence And how can we prevent its recurrence Comprehensive negotiated war terminations and peace accords recommend a set of mechanisms to bring an end to war and establish peace including institutional reforms that promote democratization and state building Although the role of institutions is widely recognized their specific effects are highly contested in research as well as in practice This book highlights the necessity to include path dependency pre conflict institutions and societal divisions to understand the patterns of institutional change in post war societies and the ongoing risk of civil war recurrence It focuses on the general question of how institutional reform contributes to the establishment of peace in post war societies This book comprises three separate but interrelated parts on the relation between institutions and societal divisions on institutional reform and on security sector reform The chapters contribute to the understanding of the relationship between societal cleavages pre conflict institutions path dependency and institutional reform This book will be of much interest to students of peacebuilding conflict resolution development studies security studies and IR
