Billy Lynn's Long Halftime Walk Lisa Ferguson, 2013-11-30 This book examines how the game of football and militarism have historically overlapped due to their shared celebration of strength might and besting a clear and definitive foe Nevertheless since September 11 a variety of staged patriotic vignettes dominated most NFL broadcasts giving the once easy and unforced union a stilted feel That the War on Terror became a fixture of modern day Super Bowls was easy to portend what was more difficult to predict was the imprint it would leave on U S citizens and American politics Ben Fountain's award winning novel Billy Lynn's Long Halftime Walk reveals what passes for patriotism in a country that has reduced the sober and stark reality of combat to pageantry and production for the crowd back home leaving our troops to unwittingly play the part of entertainers destined to be sexualized just like the cheerleaders and dancers so frequently performing alongside them

Focus On: 100 Most Popular American 3D Films Wikipedia contributors, *The Hell of War Comes Home* Owen W. Gilman Jr., 2018-02-09 Owen W Gilman Jr stresses the US experience of war in the twenty first century and argues that wherever and whenever there is war there will be imaginative responses to it especially the recent wars in Afghanistan and Iraq Since the trauma of September 11 the experience of Americans at war has been rendered honestly and fully in a wide range of texts creative nonfiction and journalism film poetry and fiction These responses Gilman contends have packed a lot of power and measure up even to World War II's literature and film Like few other books Gilman's volume studies these new texts among them Kevin Powers's debut novel *The Yellow Birds* and Phil Klay's short stories *Redeployment* along with the films *The Hurt Locker* *American Sniper* and *Billy Lynn's Long Halftime Walk* For perspective Gilman also looks at some touchstones from the Vietnam War Compared to a few of the big Vietnam books and films this new material has mostly been read and watched by small audiences and generated less discussion Gilman exposes the circumstances in American culture currently preventing literature and film of our recent wars from making a significant impact He contends that Americans inclination to demand distraction limits learning from these compelling responses to war in the past decade According to Gilman where there should be clarity and depth of knowledge we instead face misunderstanding and the anguish endured by veterans betrayed by war and our lack of understanding

Mission Unaccomplished Alan Nadel, 2015-10-07 An analysis of how post 9 11 war movies changed from following soldiers on specific missions to chronicling war as a day to day occupation In 2003 the United States began a war in Iraq without a mission Instead of fighting to restore peace the traditional objective of warfare servicemembers faced the grim reality that there was no goal Lacking even certainty as to who was the enemy soldiers discovered that their task was simply

to survive Mission Unaccomplished explores how Hollywood grasped the experience of Iraq from the perspective of US soldiers reinventing the war film in the process Historically films such as Saving Private Ryan valorized the goals of war by chronicling missions that unambiguously contribute to the defeat of the enemy and the restoration of peace But in The Hurt Locker American Sniper Green Zone and other recent dramas soldiers just try to outlast the chaos Dramatizing the aimlessness of the war events occur in random order and soldiers have no sense of how their actions contribute to victory or peace Looking to recent WWII movies such as Dunkirk and Hacksaw Ridge which use this same cinematic vocabulary to position soldiering as merely a deadly job to be endured Alan Nadel argues that the disillusionment of Iraq has influenced cinema broadly inspiring a newly critical war film genre

The War Comes with You Stacey Peebles, 2024-12-12 How do we tell twenty first century war stories when the wars seem to go on forever In the post 2011 surge of war stories published in America and Iraq the defining characteristic is the depiction of combat violence that crosses borders overtakes civilian spaces and disrupts chronology In The War Comes with You Enduring War in Life Fiction and Fantasy Stacey Peebles picks up where her groundbreaking first book Welcome to the Suck Narrating the American Soldier's Experience in Iraq left off Via careful readings of fiction memoir and poetry by writers such as Ben Fountain Siobhan Fallon Brian Turner and Hassan Blasim as well as recent superhero and Star Wars films Peebles argues that in the face of real and fantasy forever wars things fall apart Language identities bodies and even the stories themselves fragment These narratives suggest that people need not accept incoherence and there is a range of meaningful responses to the experience of everywhere all the time war Peebles illustrates what to do that is when war comes with you

Hollywood Remembrance and American War Andrew Rayment, Paul Nadasdy, 2020-08-31 Hollywood Remembrance and American War addresses the synergy between Hollywood war films and American forms of war remembrance Subjecting the notion that war films ought to be considered the war memorials of today to critical scrutiny the book develops a theoretical understanding of how Hollywood war films as rhetorical sites of

remembering and memory reflect replicate and resist American modes of remembrance The authors first develop the framework for and elaborate on the co evolution of Hollywood war cinema and American war memorialization in the historical political and ideological terms of remembrance and the parallel synergic relationship between the aesthetic and industrial status of Hollywood war cinema and the remembering of American war on film The chapters then move to analysis of Hollywood war films covering The Great War World War II The Korean War The Vietnam War The Cold War and the wars in Afghanistan and Iraq and critically scrutinize the terms upon which a film could be considered a memorial to the war it represents Bringing together the fields of film studies and memory studies this book will be of interest to scholars and students in not just these areas but those in the fields of history media and cultural studies more broadly too
