Bimbos Of The Death Sun:

Bimbos of the Death Sun, 2002 Sharyn McCrumb's *Bimbos of the Death Sun* is a strange work. Ostensibly a mystery novel complete with a murder and an array of suspects with plausible motives, it won an Edgar Award in 1988 for Best Original Paperback Mystery. Although we follow the plot, curious to know who killed famed novelist Appin Dungannon and why, the fact is that what happens in this novel is in some ways much less important than where it happens. *Bimbos of the Death Sun* is not a mystery that merely happens to be set at a science fiction and fantasy convention; it's a novel about a particular peculiar American subculture. *Bimbos of the Death Sun* Sharyn McCrumb, 2020-05-21 A sci-fi convention gets a dose of true crime in this Edgar Award-winning mystery by the New York Times bestselling author of the *Ballad* novels. When Virginia Tech professor James Owen Mega wrote a fictional account of his real-life research, he hardly expected it to get published. But when a publisher changed the title of his novel to *Bimbos of the Death Sun*, James, under the pen name Jay Omega, becomes an overnight sci-fi star. Invited to the annual fan convention Rubicon, James is both a fish out of water and a Guest of Honor among the Trekkies and sword-wielding cosplayers. But he's not the only VIP at the overrun hotel. Revered fantasy author Appin Dungannon never misses a Rubicon or a chance to belittle his legions of devotees. But when Dungannon turns up dead, police wonder if a die-hard fan finally turned to murder. As the list of suspects grows and hucksters hunt for the victim's autograph, James devises an ingenious way to catch a killer. *Computer Message Systems*, 85 Ronald P. Uhlig, 1986

Creating Characters Dwight V. Swain, 2012-11-28 A jargon-free manual on the basics of developing interesting fictional characters. Vibrant, believable characters help drive a fictional story. Along with a clever plot, well-drawn characters make us want to continue reading a novel or finish watching a movie. In *Creating Characters*, Dwight V. Swain shows how writers can invent interesting characters and improve them so that they move a story along. The core of character, he says in chapter 1, lies in each individual story person's ability to care about something, to feel implicitly or explicitly that something is important. Building on that foundation, the capacity to care, Swain takes the would-be writer step by step through the fundamentals of finding and developing characters who turn you on. This basic but thought-provoking how-to is a valuable tool for both the novice and the seasoned writer. **Reading Programs for Young Adults** Martha Seif Simpson, 2015-11-16 School and public libraries often provide programs and activities for children in preschool through the sixth grade, but there is little available to young adults. For them, libraries become a place for work, the place to research an assignment or find a book for a report, but the thought of the library as a place for enjoyment is lost. So how do librarians recapture the interest of teenagers? This just might be the answer. Here you will find theme-based units such as *Cartoon Cavalcade*, *Log On at the Library*, *Go in Style*, *Cruising the Mall*, *Space Shots*, *Teens on TV*, and 44 others that are designed for young adults. Each includes a display idea, suggestions for local sponsorship, prizes, a program game to encourage participation, 10 theme-related activities, curriculum tie-in activities, sample questions for use in trivia games or scavenger hunts, ideas for activity sheets, a

bibliography of related works and a list of theme related films The units are highly flexible allowing any public or school library to adapt them to their particular needs **Illusions in Motion** Erkki Huhtamo, 2023-08-22 Tracing the cultural material and discursive history of an early manifestation of media culture in the making Beginning in the late eighteenth century huge circular panoramas presented their audiences with resplendent representations that ranged from historic battles to exotic locations Such panoramas were immersive but static There were other panoramas that moved hundreds and probably thousands of them Their history has been largely forgotten In *Illusions in Motion* Erkki Huhtamo excavates this neglected early manifestation of media culture in the making The moving panorama was a long painting that unscrolled behind a window by means of a mechanical cranking system accompanied by a lecture music and sometimes sound and light effects Showmen exhibited such panoramas in venues that ranged from opera houses to church halls creating a market for mediated realities in both city and country In the first history of this phenomenon Huhtamo analyzes the moving panorama in all its complexity investigating its relationship to other media and its role in the culture of its time In his telling the panorama becomes a window for observing media in operation Huhtamo explores such topics as cultural forms that anticipated the moving panorama theatrical panoramas the diorama the panoramania of the 1850s and the career of Albert Smith the most successful showman of that era competition with magic lantern shows the final flowering of the panorama in the late nineteenth century and the panorama's afterlife as a topos traced through its evocation in literature journalism science philosophy and propaganda **The Rosewood Casket** Sharyn McCrumb, 2025-09-23 Eloquent lyrical and richly textured There is no one quite like McCrumb among present day writers No one better either San Diego Union Tribune With a career spanning decades and superlatives from reviewers nationwide whose bestselling novels have been named Notable Books by the New York Times and the LA Times this is one of Sharyn McCrumb's most cherished novels The stage is set for family drama when Randall Stargill lies dying on his southern Appalachian farm and his four sons come home to build him a coffin made from the special cache of rosewood he has saved for this purpose Meanwhile mountain wisewoman Nora Bonesteel prepares another box to be buried with him Among them a real estate developer is hovering over the family's farm bringing secrets and tensions to the surface In a style both lyrical and beautifully detailed with a narrative that flows from Native American lore and the burnished tales of Daniel Boone up to the sharpest and keenly realized landscapes of Appalachia today *The Rosewood Casket* is a novel as hauntingly beautiful as the mountains that gave it charge and a stunning addition to our collection of McCrumb Ballad novels **The Essential Mystery Lists** Roger M Sobin, 2011-09-30 For the first time in one place Roger M Sobin has compiled a list of nominees and award winners of virtually every mystery award ever presented He has also included many of the best of lists by more than fifty of the most important contributors to the genre Mr Sobin spent more than two decades gathering the data and lists in this volume much of that time he used to recheck the accuracy of the material he had collected Several of the best of lists appear here for the first time in book form Several others have been
