Being Salt George R. Sumner, 2007-05-01 A number of books have addressed ordination and the priestly life from a devotional or vocational vantage point but few books have considered ordination from a truly theological perspective Meanwhile our time is obsessed with the more general question of leadership *Being Salt* addresses both ordination and leadership by taking as its point of departure the most distinctive yet often overlooked feature of ordination indelibility being ordained for life *Being Salt* offers several answers to the question What is the church Sumner wholeheartedly agrees with the Reformation emphasis on the ministry of the whole people of God Still he argues that we can only understand priesthood if we understand what one is ordained for Indelibility lifetime ordination

provides an entrance to the question of what sets the ordained apart. In sum, *Being Salt* offers an evangelical argument for a Catholic practice and so goes to the heart of what Anglicanism understands itself to be. **Theology and the New**

Histories Gary Macy, 1999. In this collection of essays, members of the College Theology Society explore how Christianity as an historical religion is responding to the challenge of multiple readings of history. The many new ways of writing history—women's history, history written from the perspective of minority groups, new sources of history including those that are non-Western and deconstructivist history—pose challenges to the assumptions of traditional theology. They also affect our understanding of the history of Christianity and of the development of Christian doctrine. Spiritual Theology of the

Priesthood Dermot A. Power, 1998-01-01. Hans Urs von Balthasar's writings have pastoral implications that even now are barely recognised and hardly developed. Here, a pastorally experienced theologian who knew von Balthasar personally unfolds this pastoral dimension for the first time. Integrating Christology and Ecclesiology with the profound spirituality that for von Balthasar is inseparable from authentic theology, Fr. Power demonstrates the paradoxical grandeur and weakness of the Catholic priesthood. He highlights the roles of the Catholic priest as servant, bridegroom, shepherd, victim, teacher, prophet, celebrant, and minister of reconciliation. At a time when many priests feel their identity called into question, this book offers new hope for the renewal of the priesthood in the Catholic Church. **Fear and Anxiety** Ronald Leinen, 1999. Fear and

Anxiety: Finding Peace in the Heart of Jesus shows how Jesus still reaches out today to heal all those who are anxious about difficult situations in their lives. In a down-to-earth style, the author explains how Jesus frees people from the fears and anxieties that stunt their spiritual and psychological growth. **The Theology of the Church** Avery Dulles, Patrick

Granfield, 1999. Lists some of the most important ecclesiological writing both past and present, focusing on topics related to the nature, mission, and structure of the church. Divided into 53 sections that deal with various aspects of the theology of the church, sources have been selected for their utility. *American Book Publishing Record*, 1997. **Index to Book**
