Billion Dollar Fish The Untold Story Of Alaska Pollock Hardcover May 15 2013:

Billion-Dollar Fish Kevin M. Bailey, 2013-05-15 Alaska pollock is everywhere If you're eating fish but you don't know what kind it is it's almost certainly pollock Prized for its generic fish taste pollock masquerades as crab meat in California rolls and seafood salads and it feeds millions as fish sticks in school cafeterias and Filet O Fish sandwiches at McDonald's That ubiquity has made pollock the most lucrative fish harvest in America the fishery in the United States alone has an annual value of over one billion dollars But even as the money rolls in pollock is in trouble in the last few years the pollock population has declined by more than half and some scientists are predicting the fishery's eventual collapse In *Billion Dollar Fish* Kevin M Bailey combines his years of firsthand pollock research with a remarkable talent for storytelling to offer the first natural history of Alaska pollock Crucial to understanding the pollock fishery he shows is recognizing what aspects of its natural history make pollock so very desirable to fish while at the same time making it resilient yet highly vulnerable to overfishing Bailey delves into the science politics and economics surrounding Alaska pollock in the Bering Sea detailing the development of the fishery the various political machinations that have led to its current management and perhaps most important its impending demise He approaches his subject from multiple angles bringing in the perspectives of fishermen politicians environmentalists and biologists and drawing on revealing interviews with players who range from Greenpeace activists to fishing industry lawyers Seamlessly weaving the biology and ecology of pollock with the history and politics of the fishery as well as Bailey's own often raucous tales about life at sea *Billion Dollar Fish* is a book for every person interested in the troubled relationship between fish and humans from the depths of the sea to the dinner plate

This Captivating Realm of E-book Books: A Thorough Guide Revealing the Advantages of E-book Books: A Realm of Ease and Flexibility Kindle books, with their inherent mobility and simplicity of availability, have freed readers from the constraints of physical books.
