

Step 7

Mascara

Always wear mascara because even the most subtle and natural-looking eye makeup needs it. The mascara makes your natural lashes a darker look and is what if you have a sparse full set. The mascara that you choose will affect the look of your eyes. If you are looking for a dramatic look, choose a mascara that has a thick, dark, and long-lasting formula. There are many types of mascara, so it is a good idea if you want a long-lasting look, to look at it your mascara needs to include:

When applying mascara, hold the mascara wand parallel to the floor and brush from the base of the lashes to the tips. Roll the wand in and out to separate the lashes and give a change. Always apply one to three coats.

If you choose to curl the lashes, do so before applying mascara. Curling before, after applying mascara, can break the lashes.

The ideal mascara makes the most impact. There should be a subtle look.

Step 8

Blush

Always add a natural shade of blush to the apples of cheeks. Blend up toward the hairline, down toward the under-lip area.

For long-lasting results, there is a way of applying blush that is:

For an extra glow, first, a shimmer powder or translucent with a few blusher brush, or use a blusher brush applied with your fingers.

Always brush off excess powder blush from your face. Avoid further applying. If it seems to light color, use the light blusher shade to restore some color and glow.

The sugar or cream blush is a good option for the skin.

To add a warm cast to skin, use a blusher on areas where the sun normally hits the face—cheeks, forehead, nose, and chin.

Step 9

Lipstick

Start with clean, smooth lips.

Several lipstick shades and about formulas can be matched closely to the skin. One of the best ways to choose a lipstick shade, which requires a lot of experimentation.
