reveal how Hope created a unique comic personality that lasted over dozens of very popular films from the Road movies with Bing Crosby through such underrated classics as Son of Paleface Monsieur Beaucaire and Casanova's Big Night In so doing McCaffrey introduces readers to a Bob Hope now overshadowed by his own reputation We see here that Hope's significance has been greater than any USO appearance or television special might suggest Because many of these movies have recently been made available on DVD the first time in decades that they've been easily available to the general public the volume will also serve as an excellent introduction for those wanting to see these films for the first time
