Designed with You in Mind

The Anda program provides practical responses to the challenges today's Spanish instructors and students encounter. Instructors now face many challenges: Decreased classroom contact hours, increased instructor and student workloads, larger class sizes, new course models like hybrid and fully online, and more ambitious classroom goals including focusing on practical communication and culture awareness instead of grammar alone. The Anda program offers a true solution for instructors by delivering realistic goals with a realistic approach focusing on student motivation and offering a variety of tools to promote success.

Teaching and Learning Experience

The teaching and learning experience with this program helps to:

- Realistic and Balanced Approach:** Instructors and students don't have to rush through the entire scope of Spanish grammar in 2 semesters. They can focus on practical communication, which helps students feel more motivated and successful in the course.
- Explore Grammar:** Grammar is chunked to allow students to assimilate and practice without feeling overwhelmed. Explanations are clear and concise and include many supporting examples followed by practice activities.
- Build Vocabulary:** Each chapter contains a realistic number of new vocabulary words, and like grammar is presented in chunks at the point of need.
- Develop Skills:** Unique reading and video storyline mystery motivates students to read. Dedicated speaking, listening, and writing sections provide strategies and the process necessary to effectively develop skills in the target language.
- Connect with Culture:** Both high and popular culture are woven throughout the chapters to enable students to learn to recognize and appreciate cultural diversity as they explore behaviors and values of the Spanish-speaking world. They are encouraged to think critically about these cultural practices and gifts to society.
- Personalize Learning:** MySpanishLab's proven results will be available for fall 2012 courses. MySpanishLab does not come automatically packaged with this text. To purchase MySpanishLab access, please visit www.mylanguagelabs.com or you can purchase a valuepack of the text.
