Donald Trump's New World Order T. Hamid Al-Bayati, 2020-10-06 Donald Trump s New World Order addresses U S foreign policy initiatives during Mr Trump s Presidency appeasing traditional enemies such as Russia and undermining allies such as NATO and the European Union In the book Ambassador T Hamid Al Bayati outlines region by region policy by policy the administration s misguided and sometimes corrupt initiatives and decisions which could potentially lead to regional conflict and global war Highlighted within the text are the administration s relationships and

interactions with Russia China North Korea and the Middle East as well as within the United States The author s critical review of Trump s foreign policy includes the impact of trade wars military escalation and changing global relationships Ambassador Al Bayati paints a stark picture of the present standing of the U S and a dark future that looms on the horizon Many experts agree that Trump s foreign policy lacks coordination consistency and organization Trump often contradicts himself and his supporting staff Concerned Americans and U S allies struggle to find coherence in the Trump administration s foreign policy It zigs and zags with senior administration officials saying one thing and President Trump contradicting them without warning the next day It punishes U S allies and coddles U S adversaries it privileges demagoguery over democracy Mr Trump s approach appears impulsive improvisational and inchoate devoid of clear purpose values or even ideology Ambassador Al Bayati leaves nothing unexplored as he strives to organize and explain the current and future implications of Mr Trump s presidency and policy
