Biological Weapons DR. U C Jha, Dr K Ratnabali, 2021-02-01 The threat of biological weapons has been worrying about the armed forces as well as political leaders for quite some time With the global recorded deaths from COVID 19 surpassing one million the biotechnological revolution has heightened the fear of future weaponized pathogens The COVID 19 virus or its variant could be the most effective weapon for future biological warfare The indiscriminate effect of such a weapon and its power to cripple economies and devastate the lives of people may make it attractive to rogue States and non State actors This book provides an updated analysis of biological warfare agents including the COVID 19 virus biotechnological developments affecting biological agents and the legal regime responsible for preventing the use of biological weapons

A Reconciliation without Recollection? Joshua Ben David Nichols, 2019-11-20 The current framework for reconciliation between Indigenous peoples and the Canadian state is based on the Supreme Court of Canada s acceptance of the Crown s assertion of sovereignty legislative power and

underlying title The basis of this assertion is a long standing interpretation of Section 91 24 of Canada s Constitution which reads it as a plenary grant of power over Indigenous communities and their lands leading the courts to simply bypass the question of the inherent right of self government In A Reconciliation without Recollection Joshua Ben David Nichols argues that if we are to find a meaningful path toward reconciliation we will need to address the history of sovereignty without assuming its foundations Exposing the limitations of the current model Nichols carefully examines the lines of descent and association that underlie the legal conceptualization of the Aboriginal right to govern Blending legal analysis with insights drawn from political theory and philosophy A Reconciliation without Recollection is an ambitious and timely intervention into one of the most pressing concerns in Canada
