Communication with Animals for Health and Healing Laila del Monte, 2010-03-09 The transformation and insights of an acclaimed flamenco dancer turned world renowned animal communicator and healer Presents powerful case histories of animals with whom she communicated and treated Offers instruction on how to establish communication with animals When Laila del Monte was a child growing up on the Balearic island of Formentera she experienced a special bond with the animals that were a part of her life Later as she became entirely focused on her career as a flamenco dancer she resisted those who told her that her true vocation was as a healer But when her own health challenges jeopardized her dancing career the healing energies she received from both her human and animal teachers raised her consciousness about the important insights animals have to offer on the state of our physical and emotional well being In this book Laila del Monte reveals how the unconditionally loving nature of animals very often leads them to take on the physical pains and negative emotional experiences of the human beings in their lives The animals absorb negative emotions such as guilt anger jealousy and other issues that stop people from moving forward and reflect these back in their animal behavior Through her work with countless animals suffering from behavioral disorders or who have been sick or injured del Monte learned that the physical healing of the animals is directly tied to the emotional healing of the people they are close to The stories and situations she shares in this book demonstrate that learning what animals have to teach us about our lives does not require any magical formula or laborious training it is part of our natural birthright We need only to revive our own deep intuition to restore this connection The authenticity and loving nature of del Monte's approach is not only testimony to her dedication and amazing abilities but also shows us the way we can follow the same path simply and honestly [Animal Reiki](#) Elizabeth Fulton, Kathleen Prasad, 2006-04-05 A great introduction to the growing field of energy medicine Easy to read this book will be enjoyed by animal guardians and veterinarians alike Shawn Messonnier DVM author of The Natural Health Bible for Dogs Cats Whether you're a newcomer to the field of energy healing an experienced practitioner or an animal lover committed to learning everything you can about your companion's health Animal Reiki will open your eyes to a new level of health and well being From dogs and cats to horses and birds this book is everything you need to understand and appreciate the power of Reiki to heal and deepen the bond with the animals in your life I learned a lot from Animal Reiki and highly recommend it to a wide

Power of Pets Kelly Wallace,2018-04-30 Many people seek the help of animal whisperers These professionals seem to have a
natural knack for intuitively knowing what animals want and need They can find out if a pet is ill why they have certain
behavioral problems what the pet thinks of their owners and how to make your furry loved one happier and healthier But
more and more people are realizing that they can psychically or intuitively communicate with their pets themselves If you ve
had pets I m sure you can see how different their personalities were I bet you ll smile at your memories of them too Pets can
bring us so much joy They can also help us heal just as we can help them You can even learn to communicate with them
whether your furry family member is in this world or the afterworld Pets have so much to say to us but first you need to tune
into them to understand the messages they re sending Learning to read their body language is simple and as you get more
accustomed to this you can even communicate telepathically That might sound incredible but you ll be surprised at how easy
it is Since various animals have different levels of consciousness they ll communicate on their own unique level In time you ll
learn how your pet communicates what it wants you to know I ll show you how **Communication With All Life** Joan
Ranquet,2007-11-01 Although Communication with All Life is about animal communication it isn t just a how to book but a
guide that will help you discern how much you re already exchanging feelings words and pictures with your pet Woven
throughout the book are many stories to illustrate and support the theory that animal communication isn t something that
you do or need to learn it just is By tuning in telepathically Joan Ranquet has helped thousands of people and animals deepen
their connections with each other resolve behavioral problems assist in the process of death and dying and examine issues
surrounding illness and accidents Many of the situations that are dealt with throughout the book are actually people
perception problems rather than stories of an ill behaved dog cat horse bird or other pet Communication with All Life
illustrates how to move past the emotional patterns that create unwanted behavior and ultimately demonstrates that animal
companions give humans the opportunity to enact leadership and responsibility in their thoughts and feelings to ensure
harmony at home
