Anish Kapoor Rainer Crone,Alexandra Stosch (Gräfin),Anish Kapoor,2008 In a distinguished career spanning thirty years Anish Kapoor has created an ambitious vocabulary of form manifested in sculptural installation and site specific works Using materials as wide ranging as stone steel raw pigment wax and resin Kapoor confronts his viewer with both the depths of imagined space and the play of surface illusion This volume surveys the totality of Kapoor s work with specific focus on his recent installation Svayambh self creation in Sanskrit in which a huge block of red wax travels slowly through the museum space leaving traces of its passage on walls and doorways The authors provide in depth analyses of many of Kapoor s major works placing them in historical and philosophical context and offering new insights both into Kapoor s work and the wider context of contemporary sculpture Book Jacket *Anish Kapoor* ,2007 *Anish Kapoor* Jean de Loisy,Blandine Chavanne,Gilles A. assumed for South Asian art histories For instance one chapter explores the abstract work of Cy Twombly and Natvar Bhavsar The author examines whiteness the invisible ground upon which racialized art histories often pivot as a fraught yet productive site for writing art history This book also provides original commentary on how queer theory can deconstruct and provide new approaches for writing art history Overall this title provides methods for generating art history that acknowledge the complex web of factors within which art history is produced and the different forms of knowledge production we might count as art history

Reflections on the Aesthetic Experience Gregorio Kohon, 2015-08-20 Interest in the relationship between psychoanalysis and art and other disciplines is growing In his new book Reflections on the Aesthetic Gregorio Kohon examines and reflects upon psychoanalytic understandings of estrangement the Freudian notions of the uncanny and *Nachträglichkeit* exploring how these are evoked in works of literature and art and are present in our response to such works Kohon provides close readings of and insights into the works of Franz Kafka Jorge Luis Borges Louise Bourgeois Juan Muñoz Anish Kapoor Richard Serra Edvard Munch Kurt Schwitters amongst others the book also includes a chapter on the Warsaw Ghetto Monument and the counter monument aesthetic movement in post war Germany Kohon shows how some works of art and literature represent something that otherwise eludes representation and how psychoanalysis and the aesthetic share the task of making a representation of the unrepresentable Reflections on the Aesthetic is not an exercise in applied psychoanalysis psychoanalysis and art are considered by the author in their own terms allowing a new understanding of the aesthetic to emerge Kohon's book makes compelling reading for psychoanalysts psychotherapists art therapists literary and art critics academics students and all those interested in the matter of the aesthetic
