Andrew Jackson Martin Classic Reprint:

Andrew Jackson and Martin Van Buren (Classic Reprint) William O. Stoddard, 2018-02-16 Excerpt from Andrew Jackson and Martin Van Buren It would not be easy to find a more tragic heroic pathetic story than that of Mrs Jackson She had kindred among the Waxhaw settlers to draw her near them and her husband made a beginning upon a piece of wild land on twelve mile Creek a tributary of the Catawba Two years of toil were spent in putting up a cabin and trying to make a farm and then before the permanent ownership of a home could be secured Mr Jackson sickened and died About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

The Presidency of Andrew Jackson Donald B. Cole, 1993 In 1829 Andrew Jackson arrived in Washington in a carriage Eight years and two turbulent presidential terms later he left on a train Those years among the most prosperous in American history saw America transformed not only by growth in transportation but by the expansion of the market economy and the formation of the mass political party Jackson's ambivalence and that of his followers toward the new politics and the new economy is the story of this book Historians have often depicted the Old Hero or Old Hickory as bigger than life so prominent that his name was wed to an era Donald Cole presents a different Jackson one not always sure of himself and more controlled by than in control of the political and economic forces of his age He portrays Jackson as a leader who yearned for the agrarian past but was also entranced by the future of a growing market economy The dominant theme of Jackson's presidency Cole argues was his inconsistent and unsuccessful battle to resist market revolution Elected by a broad coalition of interest groups Jackson battled constantly not only his opponents but also his supporters He spent most of his first term rearranging his administration and contending with Congress His accomplishments were mostly negative relocating Indians vetoing road bills and the Bank bill and opposing nullification The greatest achievement of his administration the rise of the mass political party was more the work of advisers than of Jackson himself He did however make a lasting imprint Cole contends Through his strength passions and especially his anxiety Jackson symbolized the ambivalence of his fellow Americans at a decisive moment a time when the country was struggling with the conflict between the ideals of the Revolution and the realities of nineteenth century capitalism **The Federal Principle in American Politics, 1790-1833** Andrew Lenner, 2001 In the early republic constitutional debates over federal state relations were fundamental to party battles and divergent conceptions of republicanism Then as now theories about the sources and nature of federal power informed public debate policy and judicial decisions In examining the conflicts of the revolutionary era Lenner's work

provides a ground breaking overview of the culture of constitutionalism the clash of ideas about the nature and structure of Union that pervaded the early republic
