- Before the Norman conquest expanded their reach in the English Islands, the central religious system in place for several years during this period was called Paganism. The Celtic and Anglo-Saxon that lived in the land before the Norman invasion were the first people to practice paganism.
- The religious practices of paganism before the 5th Century were not well-known, but what is known is that the Celts were polytheistic, and that the Normans brought writing and literature with them alongside Christianity.
- An aspect that existed before Christian influence is known as culture, and it is best known in the Hengid Code. The Hengid Code has different attributes to it, such as:
