insights **The Power of Love for Reaching Out to “the Other”** Johnny Ramirez-Johnson, 2023-08-24 Race is a result of God's design and not of sin. God loves diversity and sought it. Race biases are normal and come as a result of likes and dislikes. Love of the other is to be learned. In this book, Bible stories and principles are combined with four intercultural communication skills to help develop love of the other. This book builds on what Sherwood Lingenfelter and Marvin K. Mayers developed for understanding cultural values and diversity of likes and dislikes. Those differences are normal. The problem comes from excluding the other. This book explores a step-wise approach to developing the love of the other. How the person, the leader, and the church see diversity defines the church's outreach mission and gospel fulfillment. **Author's Own Words Book**

Description The Power of Love book explains how emotions and feelings were part of God's creation design from before sin entered this world. While departing from cognitive neuropsychology and the latest learning from science, this seminar furthers the idea that race relations are not to be understood by sociology and science but by Bible and Christian beliefs. If you want to learn a non-CRT critical race theory approach to race relations while risking being again convicted of the need to reach out to the other in gospel love, enter into dialogue with the author by reading his book and let us pray together. If you want to keep it safe and your intercultural relationships as they are in a tongue-in-cheek way, the author advises to stay away from this book.

Mormon Hermeneutics Jeffrey S. Krohn, 2022-05-13 Bible readers are often preoccupied with themselves. At times they neglect the original ancient context of the biblical writings. The novelty of the modern is leveraged to trump the ancient. Mormon hermeneutics seems to say more about the modern LDS church than any ancient biblical meaning. Positively, the LDS is to be applauded for their emphasis on the living out of their faith. However, through various approaches to the Bible, the LDS Church seems to neglect the ancient horizon of the biblical text. Any interpretation of the Bible, LDS or otherwise, should be held accountable. This book is an attempt to categorize Mormon hermeneutics and utilizes numerous hermeneutical voices from the field of philosophical hermeneutics.

Biblical Organizational Spirituality Joshua D. Henson, 2022-07-02 This book offers an in-depth exploration of various New Testament passages with the purpose of identifying lessons, values, and behaviors that can contribute to an understanding of organizational spirituality from a Christian worldview. Covering contemporary concepts such as women in leadership, cross-cultural leadership, transparency, and authenticity, each chapter examines an organizational leadership topic through the lens of specific New Testament principles. This volume, with a fresh perspective, provides theoretical and practical applications for scholars and practitioners in the field of organizational leadership.

The Last Days of Dispensationalism Alistair W. Donaldson, 2010-10-28 This volume deals with the varied forms of shame reflected in biblical, theological, psychological, and anthropological sources. Although traditional theology and church practice concentrate on providing forgiveness for shameful behavior, recent scholarship has discovered the crucial relevance of social shame evoked by mental status, adversity, slavery, abuse, illness, grief, and defeat. Anthropologists, sociologists, and psychologists have discovered that unresolved social shame is related to racial

and social prejudice to bullying crime genocide narcissism post traumatic stress and other forms of toxic behavior Eleven leaders in this research participated in a conference on The Shame Factor sponsored by St Mark s United Methodist Church in Lincoln NE in October 2010 Their essays explore the impact and the transformation of shame in a variety of arenas comprising in this volume a unique and innovative resource for contemporary religion therapy ethics and social analysis

Mission in Action Martin C. Salter,2019-04-18 Missional ethics is concerned with the way in which the believing community s behaviour is in and of itself a witness to the wisdom and goodness of God The debate surrounding the relationship between word and deed or evangelism and social action remains a significant issue within evangelical missiology Martin Salter seeks to address one aspect of that debate namely the missional significance of ethics by conducting detailed exegesis of key biblical texts He argues that biblical ethics is neither entirely separate from nor merely preparatory for mission rather it is an integral part of the church s mission Missional ethics is a theme that arises from the biblical texts and is not imposed on them The church as both organism and institution embody a missional ethic that includes worship justice and charity Word and deed belong together as an integral whole Salter s valuable study concludes by offering a definition of missional ethics
