Acupuncture And The Chakra Energy System Treating The Cause Of Disease:

Acupuncture and the Chakra Energy System John R. Cross, 2012-06-05 Acupuncture and the chakra energy system have both become increasingly mainstream in the West but rarely have the two approaches been joined into one practice. Acupuncture and the Chakra Energy System Treating the Cause of Disease does just that. By comparing the traditional approaches of Chinese medicine and modern Western acupuncture with the chakra energy system of Ayurvedic philosophy, author John Cross offers clinically proven strategies for treating the causes of conditions, not just the symptoms. The book describes the seven major and twenty-one minor chakras in detail and explains how each is related to the body's aura, meridians, key points, endocrine glands, autonomic nervous system, and varying symptomatology. Focusing on how to use the chakras in the treatment of chronic physical and emotional conditions: osteoarthritis, rheumatoid arthritis, low back pain with sciatica, insomnia, hypertension, depression, menopausal symptoms, and frozen shoulder, among others, Cross's clear, in-depth explanations make his techniques easy for anyone to follow. Including appendices on how to use the chakras with copper and zinc needles and biomagnets, as well as which types of patients respond to such treatments, **Acupuncture and the Chakra Energy System** is a well-rounded guide for acupuncturists and other practitioners, as well as interested students. **Energy**

Medicine - E-Book James L. Oschman, 2015-09-04 See how energy therapies can normalize physiology and restore your patient's health. **Energy Medicine: The Scientific Basis**, 2nd Edition, provides a deeper understanding of energy and energy flow in the human body. Using well-established scientific research, this book documents the presence of energy fields, discerns how those fields are generated, and determines how they are altered by disease, disorder, or injury. It then describes how therapeutic applications can restore natural energy flows within the body. Written by recognized energy medicine expert Dr. James Oschman, who is also a physiologist, cellular biologist, and biophysicist, this resource shows how the science of energetics may be used in healing diseases that conventional medicine has difficulty treating. Easy to understand, coverage simplifies the theory of energy medicine and the science behind it, providing detailed, coherent explanations for a complex subject. Well-established scientific research shows why and how energy medicine works. Multi-disciplinary approach covers energy medicine as it applies to various healthcare disciplines: from acupuncture to osteopathy to therapeutic touch and energy psychology. **Energy Medicine**
