Applied Anthropology Unexpected Spaces Topics And Methods

Sheena Nahm, Cortney Hughes Rinker

Applied Anthropology Unexpected Spaces Topics And Methods:

Applied Anthropology Sheena Nahm, Cortney Hughes Rinker, 2015-10-16 This collection brings together recent innovative work in applied and practicing anthropology Organised around the theme of unexpectedness it examines some of the novel spaces topics and methods that anthropologists are involved with The volume emphasises non traditional settings and demonstrates the important role of anthropology in addressing some of the pressing issues facing society today The contributors offer detailed ethnographic examples from their own research and work that give students valuable insight and advice Drawn mainly from the United States the case studies illustrate the diverse arenas in which anthropologists operate from law and finance to education and health care Simultaneous consideration is given to practical applications theoretical reflections and professional experiences

Exploring Ethnography of Outer Space Jenia Gorbanenko, David (Jeeva) Jeevendrampillai, Adryon Kozel, 2025-01-31 This book explores new methods and perspectives in the anthropology of outer space For the past ten years scholarship of outer space has grown significantly in the social sciences Now an international community of anthropologists is starting to produce significant contributions to this work This is pushing the conversations around the future of humanity technology and outer space beyond the realm of speculative theory into concrete challenges to established norms within anthropology Each chapter in this volume introduces a unique take on what constitutes an ethnographic field in anthropology They signal a re imagination of the central concept for the discipline and offer a timely meditation on the shift in anthropology's understanding of fieldwork from its inception until now The volume consists of eleven ethnographic chapters plus an introduction by the editors and two invited responses Each of the main body chapters presents a distinct approach to situating outer space empirically on Earth By bringing together emerging and established scholars this book ultimately posits that an anthropological approach to outer space requires creative approaches to ethnography that are no longer exclusively premised on a co presence with the people under study A primer of innovative ethnographies and an ideal companion to courses on methods this volume will provide students with a body of accessible contemporary work on futurisms and outer space In addition this book will serve as a snapshot of a moment in ethnographically innovative anthropology that will be relevant to a wider academic audience through its exegesis of new methods for the study of distributed communities The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives ShareAlike CC BY NC SA 4.0 license

Practicing Ethnography Lynda Mannik, Karen McGarry, 2017-11-20 This methods book is theoretically informed but practical in approach and reflects the challenges and concerns of contemporary ethnography in North America The authors emphasize an inductive ethnographic approach to research Each chapter offers an overview of a particular method methodological issue or research trend followed by an extended ethnographic vignette written exclusively for this volume by contemporary anthropologists about their fieldwork experiences These highly readable vignettes showcase how

ethnography informs contemporary anthropological theory offering a unique way to discuss major concepts methods and methodologies Try This and Possible Projects sections encourage newcomers to anthropology to apply what they have learned in their own ethnographic experiences *The SAGE Handbook of Cultural Anthropology* Lene Pedersen, Lisa Cliggett, 2021-03-31 The SAGE Handbook of Cultural Anthropology is the first instalment of The SAGE Handbook of the Social Sciences series and encompasses major specialities as well as key interdisciplinary themes relevant to the field Globally societies are facing major upheaval and change and the social sciences are fundamental to the analysis of these issues as well as the development of strategies for addressing them This handbook provides a rich overview of the discipline and has a future focus whilst using international theories and examples throughout The SAGE Handbook of Cultural Anthropology is an essential resource for social scientists globally and contains a rich body of chapters on all major topics relevant to the field whilst also presenting a possible road map for the future of the field Part 1 Foundations Part 2 Focal Areas Part 3 Urgent Issues Part 4 Short Essays Contemporary Critical Dynamics **Centering the Margins of**

Anthropology's History Regna Darnell, 2021-05 The series Histories of Anthropology Annual presents diverse perspectives on the discipline's history within a global context with a goal of increasing the awareness and use of historical approaches in teaching learning and conducting anthropology The series includes critical comparative analytical and narrative studies involving all aspects and subfields of anthropology Volume 14 Centering the Margins of Anthropology's History focuses on the conscious recognition of margins and suggests it is time to bring the margins to the center both in terms of a changing theoretical openness and a supporting body of scholarship if not to problematize the very dichotomy of center and margins itself The essays explore two major themes of anthropology's margins First anthropologists and historians have long sought out marginalized and forgotten ancestors arguing for their present day relevance and offering explanations for the lack of attention to their contributions to theory analysis methods and findings Second anthropologists and their historians have explored a range of genres to present their results in provocative and open ended formats This volume closes with an experimental essay that offers a dynamic multifaceted perspective that captures one of the dominant if sometimes marginalized voices in history of anthropology Steven O Murray's career developed at the institutional margins of several academic disciplines and activist discourses but his distinctive voice has been and will remain at the center of our history

Museums and Anthropology in the Age of Engagement Christina Kreps, 2019-10-18 Museums and Anthropology in the Age of Engagement considers changes that have been taking place in museum anthropology as it has been responding to pressures to be more socially relevant useful and accountable to diverse communities Based on the author's own research and applied work over the past 30 years the book gives examples of the wide ranging work being carried out today in museum anthropology as both an academic scholarly field and variety of applied public anthropology While it examines major trends that characterize our current age of engagement the book also critically examines the public role of museums and

anthropology in colonial and postcolonial contexts namely in the US the Netherlands and Indonesia Throughout the book Kreps questions what purposes and interests museums and anthropology serve in these different times and places Museums and Anthropology in the Age of Engagement is a valuable resource for readers interested in an historical and comparative study of museums and anthropology and the forms engagement has taken It should be especially useful to students and instructors looking for a text that provides in one volume a history of museum anthropology and methods for doing critical reflexive museum ethnography and collaborative work

Digital Anthropology Haidy Geismar, Hannah Knox, 2021-05-26 Digital Anthropology 2nd Edition explores how human and digital can be explored in relation to one another within issues as diverse as social media use virtual worlds hacking quantified self blockchain digital environmentalism and digital representation The book challenges the prevailing moral universal of the digital age by exploring emergent anxieties about the global spread of new technological forms the cultural qualities of digital experience critically examining the intersection of the digital to new concepts and practices across a wide range of fields from design to politics In this fully revised edition Digital Anthropology reveals how the intense scrutiny of ethnography can overturn assumptions about the impact of digital culture and reveal its profound consequences for everyday life around the world Combining case studies with theoretical discussion in an engaging style that conveys a passion for new frontiers of enquiry within anthropological study this will be essential reading for students and scholars interested in theory of anthropology media and information studies communication studies and sociology With a brand new Introduction from editors Haidy Geismar and Hannah Knox as well as an abridged version of the original Introduction by Heather Horst and Daniel Miller in conjunction with new chapters on hacking and digitizing environments amongst others and fully revised chapters throughout this will bring the field defining overview of digital anthropology fully up to date

Anthropological Perspectives on Aging Britteny M. Howell, Ryan P. Harrod, 2023-02-21 Taking a holistic approach to the study of aging this volume uses biological archaeological medical and cultural perspectives to explore how older adults have functioned in societies around the globe and throughout human history

Treating the Body in Medicine and Religion John J. Fitzgerald, Ashley John Moyse, 2019-05-09 Modern medicine has produced many wonderful technological breakthroughs that have extended the limits of the frail human body However much of the focus of this medical research has been on the physical often reducing the human being to a biological machine to be examined understood and controlled This book begins by asking whether the modern medical milieu has overly objectified the body unwittingly or not and whether current studies in bioethics are up to the task of restoring a fuller understanding of the human person In response various authors here suggest that a more theological religious approach would be helpful or perhaps even necessary Presenting specific perspectives from Judaism Christianity and Islam the book is divided into three parts Understanding the Body Respecting the Body and The Body at the End of Life A panel of expert contributors including philosophers physicians and theologians and scholars of religion answer key questions such as What is

the relationship between body and soul What are our obligations toward human bodies How should medicine respond to suffering and death The resulting text is an interdisciplinary treatise on how medicine can best function in our societies Offering a new way to approach the medical humanities this book will be of keen interest to any scholars with an interest in contemporary religious perspectives on medicine and the body **Action Research** Ernest T. Stringer, Alfredo Ortiz Aragón, 2020-08-26 Action Research is an invaluable guide to both novice and experienced researchers from a diversity of disciplines backgrounds and levels of study for understanding how action research works in real life contexts The Fifth Edition builds on the experiences of the authors by acknowledging the dramatic changes taking place in our everyday lives including developments of social and digital media that have become central to modern life Author Ernest T Stringer and new co author Alfredo Ortiz Aragón aim to provide a meaningful methodology arising from their extensive field experience for both students and practitioners Presenting research that produces practical effective and sustainable outcomes to real world problems Action Research helps students see the value of their research in a broader context beyond academia to effecting change on a larger scale Additional resources can be found at the authors website
