

APICS CPIM Part 2 Final Study Guide Questions with Correct Answers -Graded A.

Distribution requirements planning (DRP) provides transportation planners with:

Answers

locations for scheduling deliveries.

backhauling information.

load optimization information.

current and future shipping requirements. - Rationale

DRP can convert the schedule of planned orders into transportation data elements such as weight, volume, and number of pallets.

current and future shipping requirements.

Which is a decision at the operations strategy level related to planning and controlling the delivery of products and services?

Answers

Should the operation develop its products or services in house or outsource the design?

What should be the size of the workforce and how much subcontracting should be used?

How should operations adjust its activity levels in response to demand fluctuations?

What aggregate levels of inventory should be maintained? - Rationale

Operational strategies address detailed day-to-day planning. The adjustment of activity levels is one example of an operational decision related to planning and controlling the delivery of products and services. The other answer choices either relate to other areas of the operational plan or are tactical (more long-term) decisions.

How should operations adjust its activity levels in response to demand fluctuations?

Which helps set boundaries around the type of work the company will pursue and indicates what is out of scope?

Answers

Project scope statement

scalable and secure Cisco data center infrastructures

Total Materials Management Eugene L. Magad, 2013-03-09

Materials management has become an important activity in both manufacturing and service organizations. Rapid changes in the industrial environment such as the introduction of automation and Just In Time and demands for increased productivity and quality have increased the need for all personnel to be concerned with total control of materials. Clearly this trend will continue and materials management will play an increasingly vital role in organizational success especially for operations that are becoming automated. Materials management will be more critical in many service organizations where the materials group has received little attention in the past. This book covers the basic materials management function and provides valuable insights into various other major functions related to it. We believe that each of these manufacturing, marketing, finance, quality assurance and engineering is vitally involved in materials management and any coverage of the subject that excludes these functions offers too narrow a perspective. With increasing demand for materials managers, human resource requirements will be satisfied by individuals trained within the discipline and by personnel who have worked in other fields. The dimensions of materials management have grown so rapidly that many practicing managers are not aware that they are fulfilling material management functions. It is important that all individuals have the basic knowledge required to perform their roles in these organizations.

Certified in Logistics, Transportation and Distribution Exam Study Guide & Workbook Premier Exams, 2021-03. Premier Exams provides 100% valid Certified in Logistics Transportation and Distribution exam questions with accurate answers. Premier Exams exam dumps are written by the most skillful Certified in Logistics Transportation and Distribution professionals. Latest Certified in Logistics Transportation and Distribution Exam Questions And Answers selected from the most recent Certified in Logistics Transportation and Distribution actual exam. Premier Exams Certified in Logistics Transportation and Distribution exam dumps are 100% pass guaranteed. With Premier Exams Certified in Logistics Transportation and Distribution exam study guide, Certified in Logistics Transportation and Distribution candidates can shorten the preparation time and be prepared efficiently. Premier Exams Certified in Logistics Transportation and Distribution exam questions and answers are written by the most reliable APICS CLTD Certified in Logistics Transportation and Distribution professionals.
