Cataloging Policy and Support Office,2006 **Library of Congress Subject Headings** ,2009 Architecture and Affect Lilian Chee,2023-05-17 Architecture and Affect is motivated by two questions Why does dismissed affective evidence trouble us What would it mean for architecture to assemble such discrepant evidence into its discourse Arguing that the persistent refrains of lived affect dwell in architecture this book traces such refrains to a concept of architecture wedged in the middle ground jammed amidst life things and events Rather than being aloof from its surrounds architecture in the midst challenges an autonomous epistemology Beyond accounting for the vivid but excluded this book develops a frame and a disposition for thinking critically about speculatively through and being grounded by encounter Examining affect through a constellation of spaces in contemporary Singapore it details architecture s uneasy but inextricable relationship with key subjects relegated to the incommensurate the peripheral the scenic and the decorative The outcome is a politicized architectural discourse simultaneously grounded and speculative bridging depth and intuition thinking and feeling

Derrida for Architects Richard Coyne,2011-08-26 Jacques Derrida s thinking is radical provocative controversial and even difficult This book looks afresh at Derrida s thinking in relation to architecture It simplifies his ideas in a clear concise way As well as a review of Derrida s interaction with architecture it is also a careful consideration of the implications of his thinking
