Picciolini unravels this sobering narrative from the frontlines where he has worked for two decades as a peace advocate and hate breaker. He draws from the firsthand experiences of extremists he has helped to disengage, revealing how violent movements target the vulnerable and exploit their essential human desires and how the right interventions can save lives. Along the way, Picciolini solves the puzzle of why extremism has come to define our era, laying bare the ways in which modern society, from fake news and social media propaganda to coded language and a White House that inflames rather than heals, has polarized and radicalized an entire generation. Piercing, empathetic, and unrestrained, *Breaking Hate* tells the sweeping story of the challenge of our time and provides a roadmap to overcoming it. [Agenda for Social Justice 3](#) Kristen M. Budd, Heather Dillaway, David C. Lane, Glenn W. Muschert, Manjusha Nair, Jason A. Smith, 2024-08-07. *The Agenda for Social Justice 3: Solutions for 2024* provides accessible insights into some of the most pressing social problems and proposes public policy responses to those problems. Written by a highly respected team of authors brought together by the Society for the Study of Social Problems (SSSP), the book offers recommendations for action by elected officials, policymakers, and the public regarding key issues for social justice. Chapters include discussion of social problems related to criminal justice, the economy, food insecurity, education, healthcare, housing, and immigration. The book will be of interest to scholars, practitioners, advocates, and students interested in public sociology, the study of social problems, and the pursuit of social justice. [Reframing Trauma Through Social Justice](#) Catrina Brown, 2024-07-31. This cross-disciplinary volume examines and reframes trauma as a social and political issue in the context of wider society, critiquing the widely accepted pathologizing of trauma and violence in current discourse. Rooted in critical social theory, this insightful text reinvents the critiques and analysis of the women's movement and the personal is political framing of trauma to unpack the mainstreaming of trauma discourse, which has emerged today. Accomplished contributors address the social construction of femininity and masculinity in relation to trauma and violence and advocate for a broader framing of trauma away from the constrained focus on pathologizing and diagnosing trauma, individual psychologizing, and therapy. Instead, the book offers a fresh and compelling look at how discursive resistance, alternative feminist, and narrative approaches to emotional distress and the mental health effects of violence can be developed alongside community-based preventive, political, and policy-based actions to create effective shifts in discourse, practice, policy, and programming. This is fascinating reading for upper-level undergraduate and postgraduate students, researchers, and academics in a broad range of fields of study, including psychology, social work, gender and women's studies, and sociology, as well as for professionals including policy makers, clinical psychologists, and social workers.
