Herod the Great Norman Gelb, 2013-02-21 Herod the Great king of ancient Judea was a brutal ruthless vindictive and dangerously high strung tyrant He had many of his subjects killed on suspicion of plotting against him and was accused of slaughtering children in Bethlehem when informed that a new king of the Jews had been born there Among the victims of the murderous paranoia that ultimately drove him to the brink of insanity were his three oldest sons and the wife he loved most But there was a crucial aspect to Herod's character that has been largely ignored over the centuries Norman Gelb explores how Herod transformed his formerly strife ridden kingdom into a modernizing economically thriving orderly state of international significance and repute within the sprawling Roman Empire This reassessment of Herod as ruler of Judaea introduces a striking contrast between a ruler's infamy and his extraordinary laudable achievements As this account shows despite his horrific failings and ultimate mental unbalance Herod was a fascinatingly complex dynamic and largely constructive statesman a figure of great public accomplishment and one of the most underrated personalities of ancient times History buffs and those interested in popular ancient history can be introduced to this ruthless tyrant and his victims

The Many Faces of Herod the Great Adam Kolman Marshak, 2015-04-22 An old bloodthirsty tyrant hears from a group of Magi about the birth of the Messiah king of the Jews He vengefully sends his soldiers to Bethlehem with orders to kill all of the baby boys in the town in order to preserve his own throne For most of the Western world this is Herod the Great an icon of cruelty and evil the epitome of a tyrant Adam Kolman Marshak portrays Herod the Great quite differently however carefully drawing on historical archaeological and literary sources Marshak shows how Herod successfully ruled over his

turbulent kingdom by skillfully interacting with his various audiences Roman Hellenistic and Judaeans in myriad ways Herod was indeed a master in political self presentation Marshak's fascinating account chronicles how Herod moved from the bankrupt usurper he was at the beginning of his reign to a wealthy and powerful king who founded a dynasty and brought ancient Judaea to its greatest prominence and prosperity

Visions of the Future in Roman Frontier Kingdoms 100 BCE-100 CE Richard Teverson, 2024-09-03 This is the first book length exploration of the ways art from the edges of the Roman Empire represented the future examining visual representations of time and the role of artwork in Roman imperial systems This book focuses on four kingdoms from across the empire Cottius's Alpine kingdom in the north King Juba II's Mauretania in the south west Herodian Judea in the east and Kommagene to the north east Art from the imperial frontier is rarely considered through the lens of the aesthetics of time and Roman provincial art and the monuments of allied rulers are typically interpreted as evidence of the interaction between Roman and local identities In this interdisciplinary study which explores statues wall paintings coins monuments and inscriptions readers learn that these artworks served as something more they were created to represent the futures that allied rulers and their people foresaw The pressure of Roman imperialism drove patrons and artists on the empire's borders to imbue their creations with increasingly sophisticated ideas about the future as they wrestled with consequential decisions made under periods of intense political pressure

Comprehensively illustrated and providing an important new approach to Roman material culture at the edge of empire *Visions of the Future in Roman Frontier Kingdoms 100 BCE 100 CE* is suitable for students and scholars working on Rome and its frontiers as well as Roman material culture more broadly and those studying the aesthetics of time in art and art history

The Herods Bruce Chilton, 2021-08-03 Until his death in 4 BCE Herod the Great's monarchy included territories that once made up the kingdoms of Judah and Israel Although he ruled over a rich strategically crucial land his royal title did not derive from heredity His family came from the people of Idumea ancient antagonists of the Israelites Yet Herod did not rule as an outsider but from a family committed to Judaism going back to his grandfather and father They had served the priestly dynasty of the Maccabees that had subjected Idumea to their rule including the Maccabean version of what loyalty to the Torah required Herod's father Antipater rose not only to manage affairs on behalf of his priestly masters but to become a pivotal military leader He inaugurated a new alignment of power an alliance with Rome negotiated with Pompey and Julius Caesar In the crucible of civil war among Romans as the Triumvirate broke up and of war between Rome and Parthia Antipater managed to leave his sons with the prospect of a dynasty Herod inherited the twin pillars of loyalty to Judaism and loyalty to Rome that became the basis of Herodian rule He elevated Antipater's opportunism to a political art During Herod's time Roman power took its imperial form and Octavian was responsible for making Herod king of Judea As Octavian ruled he took the title Augustus in keeping with his devotion to his adoptive father's cult of the divine Julius Imperial power was a theocratic assertion as well as a dominant military economic and political force Herod framed a version of theocratic ambition all his own deliberately crafting a dynastic claim grounded in Roman might and Israelite theocracy That unlikely hybrid was the key to the Herodians surprising longevity in power during the most chaotic century in the political history of Judaism

sizable and fragile ego to his devastation at the execution of his beloved wife an execution that Herod ordered himself
Beginning with the key historical sources notably Josephus Vermes moves on to consider Herod s greatest legacy and
testament his extensive building works which include the Temple in Jerusalem Masada and Herodium Colour images
