David Livermore, Terry D. Linhart, 2011-08-23 Too often these days youth hear about global issues such as poverty human trafficking and HIV AIDS but they don t get practical suggestions on how they can make a positive impact on these problems The reality is today s students will be leading the way in the workforce ministries and education in a few short years If they begin to understand their connection to the global community today just imagine the way they could contribute to improving these issues in future years What Can We Do offers youth workers an overview of pressing global issues along with realistic practical ways their youth ministries can respond By helping teens understand how their faith intersects with the struggles around the world these youth groups can have a lasting worldwide influence Respected educators and youth ministry veterans Dave Livermore and Terry Linhart give youth workers a thoughtful deep perspective on the pressing issues facing the world today while also offering creative solutions for youth groups to get involved and impact the lives of people all around the world Muslim and Catholic Responses to HIV and AIDS in Kenya Timothy James Carey, 2018-09-15 In the capital city of Nairobi Kenya African Catholic and Sunni Muslim leaders addressing HIV and AIDS are faced with a unique challenge On the one hand they are called to attend to the spiritual wellbeing of the infected individual on the other hand they are increasingly charged with serving as the stewards of the physical bodies of those negatively affected by such a physiologically debilitating and social stigmatized disease through certain identifiable interreligious traditions common to both faiths This book explores this development firsthand While conducting fieldwork in Nairobi Carey interviewed Muslim and Catholic leaders working in three areas HIV and AIDS prevention education and destigmatization These recorded observations and accounts help to illustrate that religious officials from within African Catholicism and Sunni Islam are attempting to provide the common inter religious traditions of mercy hospitality and justice in a holistic manner for those living with the virus in the city The research that produced this book involved six weeks of fieldwork during the summer of 2014 to help fill in the interstices between anthropological sociological and ethnographic accounts provided by other leading academics in their respective fields It presumed that religious

traditions in Kenya exhibit a susceptibility to culture and context and a practical openness to its social environment which then affords this particular work a unique theological perspective in its attempt to identify and analyze patterns of social behavior and religious organization **Development and Politics from Below** B. Bompani, M. Frahm-Arp, 2010-07-16
Religion is playing an increasingly central role in African political and developmental life This book offers an empirical and theoretical reflection on the relationships between religion politics and development in Africa the meanings of religion in non Western contexts and the way that is embedded in the everyday life of people in Africa
