AUD *Dynamic Pathways to Recovery from Alcohol Use Disorder* Jalie A. Tucker, Katie Witkiewitz, 2022-01-06. Alcohol use disorder is by far the most prevalent substance use disorder in the general population and is a major contributor to disease worldwide. Recovery from the disorder is a dynamic process of change and individuals take many different routes to resolve their alcohol problems and seek to achieve a life worth living. Total abstinence is not the only solution and robust recovery involves more than changing drinking practices. This volume brings together multidisciplinary research on recovery processes, contexts, and outcomes as well as new ideas about the multiple pathways involved. Experts chart the individual, social, contextual, community, economic, regulatory, policy, and structural influences that are vital to understanding alcohol use disorder and recovery. The book recommends new approaches to conceptualizing and assessing recovery alongside new avenues for research, community engagement, and policy that constitute a major shift in the practice and policy landscape.

From Stigma to Support Mashal Khan, Jonathan Avery, 2024-12-02. This book provides the reader with a thorough understanding of the science of addiction as well as practical tools for diagnosing, treating, and supporting individuals with alcohol use disorder. It also offers guidance for building a successful recovery and preventing relapse and it serves as a comprehensive and evidence-based resource that brings together the latest scientific research and guidelines endorsed by expert professionals. Alcohol use disorder is a prevalent and complex disease that affects millions of people worldwide yet is often misunderstood and stigmatized. This book is intended to contribute to reducing the stigma and misconceptions surrounding the disease and promoting access to evidence-based treatment and support. This volume is structured in a way that allows readers to move through the content in a logical and accessible manner. The first few chapters provide an overview of alcohol use disorder, its historical and cultural context, and the science of addiction. Following that, authors delve into the various causes and risk factors for alcohol use disorder, signs and symptoms, diagnosis, and screening tools, and co-occurring mental health conditions. The treatment options for alcohol use disorder are covered in depth, including medication, assisted treatment, behavioral therapies, and support systems for recovery. Chapters explore ways to prevent relapse and build a successful life in recovery. Additionally, the subject of stigma and misconceptions surrounding addictions such as alcohol use disorder is discussed, as are the barriers in building greater awareness, understanding, and access to care. A chapter on

advocacy and policy aims to identify and highlight various paths taken in improving access to treatment and recovery support services and the book closes with a chapter on all the major research and promising treatments that are currently underway
