Stochastic Control Chris Myers,2010-08-17 Uncertainty presents significant challenges in the reasoning about and controlling of complex dynamical systems To address this challenge numerous researchers are developing improved methods for stochastic analysis This book presents a diverse collection of some of the latest research in this important area In particular this book gives an overview of some of the theoretical methods and tools for stochastic analysis and it presents the

applications of these methods to problems in systems theory science and economics The Power Worshippers Katherine Stewart, 2020-03-03 The inspiration for the documentary God Country For readers of Democracy in Chains and Dark Money a revelatory investigation of the Religious Right's rise to political power For too long the Religious Right has masqueraded as a social movement preoccupied with a number of cultural issues such as abortion and same sex marriage In her deeply reported investigation Katherine Stewart reveals a disturbing truth this is a political movement that seeks to gain power and to impose its vision on all of society America's religious nationalists aren't just fighting a culture war they are waging a political war on the norms and institutions of American democracy Stewart pulls back the curtain on the inner workings and leading personalities of a movement that has turned religion into a tool for domination She exposes a dense network of think tanks advocacy groups and pastoral organizations embedded in a rapidly expanding community of international alliances and united not by any central command but by a shared anti democratic vision and a common will to power She follows the money that fuels this movement tracing much of it to a cadre of super wealthy ultraconservative donors and family foundations She shows that today's Christian nationalism is the fruit of a longstanding antidemocratic reactionary strain of American thought that draws on some of the most troubling episodes in America's past It forms common cause with a globe spanning movement that seeks to destroy liberal democracy and replace it with nationalist theocratic and autocratic forms of government around the world Religious nationalism is far more organized and better funded than most people realize It seeks to control all aspects of government and society Its successes have been stunning and its influence now extends to every aspect of American life from the White House to state capitols from our schools to our hospitals The Power Worshippers is a brilliantly reported book of warning and a wake up call Stewart's probing examination demands that Christian nationalism be taken seriously as a significant threat to the American republic and our democratic freedoms
