

THE ASCENT OF GLOBALISATION

Harry Blutstein

Ascent Globalisation Harry Blustein

Harry Korine, Pierre-Yves Gomez

Ascent Globalisation Harry Blustein:

The Bretton Woods Agreements Naomi R. Lamoreaux, Ian Shapiro, 2019-07-23 Commentaries by top scholars alongside the most important documents and speeches concerning the Bretton Woods Conference of 1944 The two world wars brought an end to a long standing system of international commerce based on the gold standard After the First World War the weaknesses in the gold standard contributed to hyperinflation the Great Depression the rise of fascism and ultimately World War II The Bretton Woods Conference of 1944 arose out of the Allies desire to design a postwar international economic system that would provide a basis for prosperity trade and worldwide economic development Alongside important documents and speeches concerning the adoption and evolution of the Bretton Woods system this volume includes lively readable original essays on such topics as why the gold standard was doomed how Bretton Woods encouraged the adoption of Keynesian economics how the agreements influenced late twentieth century ideas of international development and why the agreements ultimately had to give way to other arrangements

The ascent of globalisation Harry Blustein, 2015-12-01 The ascent of globalisation tells the sweeping historical drama of the development of globalisation from the Second World War to the present day The story is told through the richly detailed accounts of eighteen remarkable men and women describing how these architects reshaped the modern world for better or worse Profiling their lives ideas and struggles reveals fresh insights into the nature of globalisation The book also examines their legacies shedding new light on many of the problems the world faces today the global financial crisis the political and economic malaise afflicting Europe the numerous failures of the United Nations the unchecked power of corporations and the inability of governments to cooperate on critical issues such as climate change

The Leap to Globalization Harry Korine, Pierre-Yves Gomez, 2002-10-01 Whereas previous research concentrated on articulating what global strategies look like in large multinational companies with decades of experience in operations abroad The Leap to Globalization focuses on how globalizing is realized over time in companies that start from a narrow geographic base Three characteristics differentiate globalizing as observed in current practice from simple international expansion First globalization implies a redefinition of customer value second globalizing is an entrepreneurial process that transforms the company and third speed plays an essential role in globalization
