Asia Executive Tubed National Geographic Reference Map:

Asia Executive National Geographic Maps, 2013-06-09 National Geographic's Executive map of Asia uses an antique style color palette that fits with any decor. This stunning wall map covers the entire continent with shaded relief, colorful international borders, and infrastructure features such as roads, railroads, airports, and canals. Also displayed are glaciers, areas of sand, lava fields, intermittent and dry lakes, swamps, and areas below sea level. Country capitals and other cities are labeled with easy-to-read fonts. Oceans, seas, and other major bodies of water are shown with depth curves. An inset map provides detail of New Guinea and the Bismarck Archipelago. The English translation for many geographic terms is shown in a user-friendly index. The map is encapsulated in heavy-duty 1/6 mil laminate, which makes the paper much more durable and resistant to the swelling and shrinking caused by changes in humidity. Laminated maps can be framed without the need for glass, so the frames can be much lighter and less expensive. Map Scale 1:13,812,000 Sheet Size 33 25 x 38 *World Executive*

National Geographic Maps, National Geographic Maps - Reference, 2016-01-08 National Geographic's World map is the standard by which all other reference maps are measured. The World map is meticulously researched and adheres to National Geographic's convention of making independent apolitical decisions based on extensive research using multiple authoritative sources. The Executive style World map uses an antique style color palette and stunning shaded relief that provides a richness perfect for any decor. Drawn in the Winkel Tripel projection, distortions are minimized, and unlike many other World maps, Greenland is shown the same size as Argentina and not as the size of all of South America. Thousands of place names are carefully and artistically placed on the map to maintain legibility even in the heavily populated areas of Europe, Asia, and the Middle East. Details include clearly defined international boundaries, cities, physical features, rivers, and ocean floor features. Corner inset maps feature vegetation and land use and population density, as well as the north and south polar regions. Enlarged maps provide an immersive experience in any home or office environment. The exceptional cartography is even easier to appreciate at the larger size. The map is packaged in a two-inch diameter clear plastic tube. The tube has a decorative label showing a thumbnail of the map with dimensions and other pertinent information.
