Asiatics In Middle Kingdom Egypt Perceptions And Reality Bloomsbury Egyptology:

Asiatics in Middle Kingdom Egypt Phyllis Saretta, 2016-01-28 The ancient Egyptians had very definite views about their neighbours some positive some negative As one would expect Egyptian perceptions of the other were subject to change over time especially in response to changing political social and economic conditions Thus as Asiatics became a more familiar part of everyday life in Egypt and their skills and goods became increasingly important depictions of them took on more favourable aspects The investigation by necessity involves a multi disciplined approach which seeks to combine and synthesize data from a wider variety of sources than drawn upon in earlier studies By the same token the book addresses the interests of and has appeal to a broad spectrum of scholars and general readers **The Middle Kingdom of Ancient Egypt** Wolfram Grajetzki, 2024-05-16 For the ancient Egyptians the Middle Kingdom c 2000 1700 BC was a classical period of art history and literature The Twelfth Dynasty was one of the strongest ever to rule on the banks of the Nile some of its kings were later worshipped as local gods and were made famous by classical Greek authors Yet Egyptologists tend not to look beyond the extraordinary royal sculpture and literary masterpieces of the time Although the picture is fragmentary as with any archaeological record the last two hundred years of exploration and excavation have revealed much of the splendour of the period This book examines the evidence for the culture history and society of both central and provincial Egypt at the time revealing the wealth of the entire country In this second edition Wolfram Grajetzki incorporates recent discoveries discussions and publications which have emerged over the intervening fifteen years including new excavation reports for the mastabas at Lisht and excavations at Abydos Too often overshadowed by the better preserved architecture of other periods Middle Kingdom Egypt emerges for the reader as a fascinating age in its own right **Egyptian Deportations of the Late Bronze Age** Christian Langer, 2021-09-20 Egyptian Deportations of the Late Bronze Age explores the political economy of deportations in New Kingdom Egypt ca 1550 1070 BCE from an interdisciplinary angle The analysis of ancient Egyptian primary source material and the international correspondence of the time draws a comprehensive picture of the complex and far reaching policies The dataset reveals their geographic scope economic and demographic impact in Egypt and abroad as well as their interconnection with territorial expansion international relations and labour management The supply chain profiting institutions and individuals in Egypt as the well as the labour tasks origins and the composition of the deportees are discussed in detail A comparative analytical framework integrates the Egyptian policies with a review of deportation discourses as well as historical premodern and modern cases and enables a global and diachronic understanding of the topic The study is thus the first systematic investigation of deportations in ancient Egyptian history and offers new insights into Egyptian governance that revise previous assessments of the role of forced migration und unfree labour in ancient Egyptian society and their long term effects **Kinship and Family in Ancient Egypt** Leire Olabarria, 2020-02-27 Uses primary evidence to ask anthropological questions about kinship and families in ancient Egyptian society *The Dawn of Israel*

Lester L. Grabbe, 2022-11-17 In this companion volume to his bestselling *Ancient Israel What Do We Know and How Do We Know It* Lester L. Grabbe provides the background history of the main ancient Near Eastern peoples and empires Babylonia Assyria Urartu Hittites Amorites Egyptians Grabbe's focus is on Palestine Canaan and covers the early second millennium including the Middle Bronze Age and the Second Intermediate Period and Hyksos rule of Egypt Grabbe also addresses the question of a patriarchal period The main focus of the book is on the second half of the second millennium Late Bronze and early Iron Age the Egyptian New Kingdom the Amarna letters the Sea Peoples the question of the exodus the early settlements in the hill country of Palestine and the first mention of Israel in the Merneptah inscription Archaeology and the contribution of the social sciences both feature heavily as does inscriptional and iconographic material As such this volume provides a fascinating portrayal of ancient Israel and this definitive work by one of the world's leading biblical historians will be of interest to all students and scholars of biblical history

Copper in Ancient Egypt Martin Odler, 2023-04-03 The first comprehensive and up to date overview of what we know about the use of copper by the ancient Egyptians and Nubians from the Predynastic through the Early Dynastic until the end of the Second Intermediate Period c 4000-1600 BC The monograph presents a story based on the analysis of available evidence a synchronic and diachronic reconstruction of the development and changes of the chaîne opératoire of copper and copper alloy artefacts The book argues that Egypt was not isolated from the rest of the ancient world and that popular notions of its primitive technology are not based on facts

Judges 1 Mark S. Smith, Elizabeth Bloch-Smith, 2021 This groundbreaking volume presents a new translation of the text and detailed interpretation of almost every word or phrase in the book of Judges drawing from archaeology and iconography textual versions biblical parallels and extrabiblical texts many never noted before Archaeology also serves to show how a story of the Iron II period employed visible ruins to narrate supposedly early events from the so-called period of the Judges The synchronic analysis for each unit sketches its characters and main themes as well as other literary dynamics The diachronic redactional analysis shows the shifting settings of units as well as their development commonly due to their inner textual reception and reinterpretation The result is a remarkably fresh historical critical treatment of 1.1-10.5

War & Trade with the Pharaohs Garry J. Shaw, 2017-08-30 An entertaining and informative romp from the joys of imported beer to the horror of invasion demonstrates the extent of Egyptian foreign affairs Ancient Egypt Magazine The ancient Egyptians presented themselves as superior to all other people in the world on

temple walls the pharaoh is shown smiting foreign enemies people from Nubia Libya and the Levant or crushing them beneath his chariot But despite such imagery from the beginning of their history the Egyptians also enjoyed friendly relations with neighboring cultures both Egyptians and foreigners crossed the deserts and seas exchanging goods gathered from across the known world War Trade with the Pharaohs explores Egypt's connections with the wider world over the course of 3 000 years introducing readers to ancient diplomacy travel trade warfare domination and immigration both Egyptians living abroad and foreigners living in Egypt It covers military campaigns and trade in periods of strength including such important events as the Battle of Qadesh under Ramesses II and Hatshepsut's trading mission to the mysterious land of Punt and Egypt's foreign relations during times of political weakness when foreign dynasties ruled parts of the country From early interactions with traders on desolate desert tracks to sunken Mediterranean trading vessels the Nubian Kingdom of Kerma Nile fortresses the Sea Peoples and Persian satraps there is always a rich story to tell behind Egypt's foreign relations Garry Shaw's book is something of a revelation a different way of looking at what we know about the Ancient Egyptians and their amazing culture Books Monthly As inherently fascinating a read as it is exceptionally well researched written organized and presented Midwest Book Review
