Aspects Of Minimal Architecture Ii Architectural Design Pt :

Minimalist Architecture Franco Bertoni, 2002-08 Minimalism as a concept was first used in the world of art to characterize the work of Donald Judd Sol Le Witt and several others Soon afterwards this creative approach began to take hold in architecture and the works of many contemporary architects are rooted in Minimalism to a greater or lesser degree This publication goes to the heart of this trend looking first at Loos Wittgenstein Mies van der Rohe and Asplund the definitive precursors of Minimalism Then the works of today s protagonists who include Tadao Ando Luis Barragán Alberto Campo Baeza A G Fronzoni Michael Gabellini John Pawson Claudio Silvestrin Eduardo Souto Moura and Peter Zumthor are covered extensively A selection of texts contributed by the featured architects conclude the volume With a clear even austere presentation this book not only reflects its contents but provides a comprehensive overview of Minimalism one of the dominant trends in contemporary architecture Art Index Retrospective ,2000 **Advances in Design and Digital**

Communication II Nuno Martins, Daniel Brandão, 2021-10-21 This book reports on research findings and practical lessons featuring advances in the areas of digital and interaction design graphic design and branding design education society and communication in design practice and related ones Gathering the proceedings of the 5th International Conference on Digital Design and Communication Digicom 2021 held on November 4-6 2021 in Barcelos Portugal and continuing the tradition of the previous book it describes new design strategies and solutions to foster digital communication within and between the society institutions and brands By highlighting innovative ideas and reporting on multidisciplinary projects it offers a source of inspiration for designers of all kinds including graphic and web designers UI UX and social media designers and to researchers advertisers artists and brand and corporate communication managers alike *The Rehabilitation of Historic Schools in Portugal* Sofia Aleixo, 2021-07-22 This book examines the material and immaterial values that are used and perceived in heritage educational environments that have been adapted to 21st century education needs Offering an approach to architectural conservation practice focused on the design and implementation processes it provides a post occupation evaluation of the effects of such physical actions on historic learning environments and their values A comprehensive study of architectural conservation and Theory of Change ToC is supported by an extensive literature review and personal insights from the author s everyday practice Using a selection of recently rehabilitated historic secondary schools in Portugal liceus the text presents insights into their existing cultural significance identifying the design strategies applied and assessing the short term effects of design decisions on the cultural values It demonstrates that whilst design strategies were less concerned with social values material cultural values were generally considered and preserved contributing to the enhancement of intangible values The implications of this research highlight the importance of evaluating actual effects in cultural heritage theory architectural conservation practice and heritage management policy Following worldwide investment in the rehabilitation of schools the interest in this topic has grown among architectural heritage

academics and practitioners who seek to better understand and approach these learning environments in order to achieve better outcomes The book will also be of interest to public policy makers given its emphasis on the importance of stakeholder engagement in the conservation process and in the sustainability of re using existing buildings Furthermore it will capture the attention of schools stakeholders including students parents teachers non teaching staff alumni and the local community for whom the school environment is a collective shared memory **Designing the Patient Room** Sylvia Leydecker,2017-05-22 Interior architecture is the main factor in creating pleasant environments for in patient healthcare Whether in paediatric or geriatric wards economic efficiency patient well being and staff satisfaction are increasingly the focus of treatment healing and healthcare concepts around the world Well designed interior architecture concepts for patient rooms can benefit the patient s process of recovery and through its atmosphere and functionality improve the quality of the hospital experience This book explores the design of the patient room as a core part of healthcare environments It describes the different design components such as material colour light and surface finish and addresses the needs of hygiene and the specific challenges presented by demographic change and digitisation as well as workflow issues and economic efficiency Fourteen international case studies illustrate these design principles **Eduardo Souto De Moura** Eduardo Souto de Moura,Antonio Esposito,Giovanni Leoni,Monica Daniele,Raffaella Maddaluno,2003 **Library of Congress Subject Headings** Library of Congress,2004 **Architectural Research Addressing Societal Challenges** Manuel Jorge Rodrigues Couceiro da Costa,Filipa Roseta,Joana Pestana Lages,Susana Couceiro da Costa,2019-08-08 The escalating interdependency of nations drives global geopolitics to shift ever more quickly Societies seem unable to control any change that affects their cities whether positively or negatively Challenges are global but solutions need to be implemented locally How can architectural research contribute to the future of our changing society How has it contributed in the past The theme of the 10th EAAE ARCC International Conference Architectural Research Addressing Societal Challenges was set to address these questions This book Architectural Research Addressing Societal Challenges includes reviewed papers presented in June 2016 at the 10th EAAE ARCC International Conference which was held at the facilities of the Faculty of Architecture of the University of Lisbon The papers have been further divided into the following five sub themes a Changing Society In Transit Global Migration Renaturalization of the City Emerging Fields of Architectural Practice and Research on Architectural Education The EAAE ARCC International Conference held under the aegis of the EAAE and of the ARCC is a conference organized every other year in collaboration with one of the member schools universities of those associations alternatively in North America or in Europe **Designing in Times of Crisis** Jorge Cruz Pinto,Ljiljana Čavić,Hugo Lopes Farias,Luis Miguel Ginja,2025-03-11 Designing in Times of Crisis offers insights visions and strategies for architects and urban designers to question and respond to the crises and challenges of the contemporary anthropocentric world The book highlights the urgency of addressing global crises and encourages architects and urban designers to consider new approaches related to gender equity city ethics and

fundamental human rights It promotes the adoption of sustainable practices that heed the social economic and environmental impacts of their work particularly focusing on Portuguese and Brazilian contexts The book fosters new thinking and practices to provide a comprehensive overview of the challenges and opportunities facing contemporary architecture and urban design It investigates how these disciplines can adapt to the fluidity of the digital age respond to climate change and embrace social justice all while maintaining a commitment to innovation and sustainability The book is divided into two parts Envisioning and Applying The first explores various urban and architectural proposals triggered by climate change and contemporary social issues The second focuses on different experimentations in architectural and urban design building techniques dwelling and teaching during the COVID 19 pandemic as well as citizenship formation This timely research is relevant for students researchers and practitioners interested in architecture urban planning and sustainable design Energy Conservation Update ,1979
