Assyria, from the Earliest Times to the Fall of Nineveh George Smith, 1880 **Assyria From the Earliest Times to the Fall of Nineveh (Classic Reprint)** George Smith, 2017-12-10 Excerpt from Assyria From the Earliest Times to the Fall of Nineveh The following history of Assyria is designed to give some of the results attained from the translations of the Cuneiform inscriptions which contain the records of the Assyrian empire Prominence has been given to the incidents of the period when Assyria came in contact with Palestine and the bearing of some of these is pointed out but it is rather intended that the reader should compare for himself the history here given from the Assyrian with the parallel account of the Books of Kings Beside the direct account of persons and events given in the Bible there is a mass of evidence and illustration on manners and customs language and literature tending to throw light on the earlier books of the Bible which renders the study of Assyrian so important and desirable An examination of the dates in this history will show that many of them do not agree with the authorized system of chronology in the margins of the Bible Here I must note that although there is a striking agreement in the order and substance of the events mentioned in both histories there sometimes appears to be considerable difference as to the dates As this is an Assyrian history I have taken the dates as they appear to stand in the Assyrian records but it must be remembered that many of the Assyrian chronological documents are mutilated and incomplete and that the Assyrians are not always correct in the statements of their histories About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Assyria from the Earliest Times to the Fall of Nineveh** George Smith, 2018-01-31 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant **Assyria from the Earliest Times to the Fall of Nineveh** George Smith (of the British
