Chakras Harish Johari, 2000-09-01 Revised and expanded edition of the classic work on chakras by the renowned Indian scholar and tantra practitioner Over 35 000 copies of the original edition sold Includes full color illustrations of the chakras to be used with the meditation exercises in the book and provides the tools necessary to activate these centers of transformative energy In the ancient science of tantra the human body is viewed as the most perfect instrument for the expression of consciousness a perfection realized through the development of psychic centers known as chakras Located within the cerebrospinal system the chakras are the stage upon

which the interaction between higher consciousness and desire is played out. Consequently it is through understanding and utilizing the energies of the chakras that we ultimately reach an enlightened state of being. In Chakras Indian scholar and tantra practitioner Harish Johari introduces the classical principles of the chakras as well as their practical application for today. In this expanded edition complete with new art and text he unfolds the mysteries of these subtle centers of transformation with visualization techniques essential to a fully realized tantric practice. Unlike other books in its field Chakras provides the tools to activate these centers of transformative energy and elevate one's intellectual knowledge to an experience of spiritual growth. Meditating on the beautiful full color illustrations of each chakra vitalizes the cerebrospinal centers and harmonizes the entire system both physically and psychically. Explanations of each chakra elaborate on the chakra's connection to elements, colors, sounds, sense and work organs, desires, planets and deities as well as on behavioral characteristics and particular effects of meditation. For scholars and spiritual aspirants of every level Chakras is an invaluable practical source of information and techniques.

The Complete Guide to Chakras and Auras With a Special Focus on the Third Eye J.D. Rockefeller, 2015-08-26

Are chronic diseases such as diabetes, cardiovascular problems and joint pains troubling you? Are anxiety, depression and anger and other such emotions bringing you and your performance down? Are you constantly on medications for digestion and respiratory issues? If you answer yes to any of the above questions you are probably suffering from an imbalance of energy in your subtle, non-physical body. So what is the subtle body? In many spiritual traditions the subtle body is the sacred or the immortal body. It never dies and when the physical body dies your subtle body merges into the universe. It comprises of the intelligence, mind and ego aspects that control the human physical body. The terms aura and chakras refer to parts of your subtle plane of existence. These are usually seen by the mind's eye and not your physical eyes. Disturbances in your auric field or imbalances in the flow of energy through the chakras manifest as physical, mental and emotional disorders in the physical world. Mostly when people fail to heal their physical bodies with modern medicine the only solution is to turn towards healing the non-physical subtle body. Just by working on balancing your chakras and your energy field called aura you will notice that your chronic disorders are much under control, your emotions are much balanced and you are spiritually more connected to the universe and your Higher Power. Don't wait until you fall ill to begin taking care of your chakras and aura. Take action now and start learning about chakras and the subtle body. This comprehensive guide is perfect to get you started on this journey. It will help you learn about what are chakras, what the 7 main chakras are and how to strengthen your aura and radiate strong positive and healthy energy by opening or balancing your chakras. You will also find a chakra test here that will help you find out which of your chakras is imbalanced. There is also an exclusive section on the third eye for people interested in awakening it and promoting their intuitive and psychic abilities.
