BULLYING

Bullying is an aggressive behavior among schooling children. It is caused by power imbalance in schools where some of the older or bigger learners decide to harass the younger ones or the new students. Bullying occurs in different ways. It can be verbal, physical or simply exclusion from social groups in a learning institution. In some cases, bullying can go to the extent of injuring and harming the victim, requiring hospitalization and sometimes death. Bullying is wrong and should be discouraged in all manners. Both the parents and the teachers should discourage students against bullying as it hurts the victim for the rest of their lives. Furthermore, students should be reminded to do what they would like others to do to them. No one would like to be in a position where another person harasses him because he has no power to defend himself. Thus, they should be reminded that what they do to others might be reversed one day. This paper argues against bullying and explains the impacts it has on the victims and the perpetrators.

Bullying causes psychological torture and trauma among the victims. It is
