Burritos Hot On The Trail Of The Little Burro

Andrew F. Smith

Burritos Hot On The Trail Of The Little Burro:

Food and Drink in American History Andrew F. Smith, 2013-10-28 This three volume encyclopedia on the history of American food and beverages serves as an ideal companion resource for social studies and American history courses covering topics ranging from early American Indian foods to mandatory nutrition information at fast food restaurants The expression you are what you eat certainly applies to Americans not just in terms of our physical health but also in the myriad ways that our taste preferences eating habits and food culture are intrinsically tied to our society and history This standout reference work comprises two volumes containing more than 600 alphabetically arranged historical entries on American foods and beverages as well as dozens of historical recipes for traditional American foods and a third volume of more than 120 primary source documents Never before has there been a reference work that coalesces this diverse range of information into a single set The entries in this set provide information that will transform any American history research project into an engaging learning experience Examples include explanations of how tuna fish became a staple food product for Americans how the canning industry emerged from the Civil War the difference between Americans and people of other countries in terms of what percentage of their income is spent on food and beverages and how taxation on beverages like tea rum and whisky set off important political rebellions in U S history

Fast Food and Junk Food Andrew F. Smith, 2011-12-02 This fascinating and revealing work examines the incredible power of junk food and fast food how nostalgic we are about them the influence of the companies that manufacture or sell them and their alarming effect on our country's state of health In the last half century junk food and fast food have come to play an extremely important role in American economic historical cultural and social life Today they have a major influence on what Americans eat and how healthy we are or aren't

Fast Food and Junk Food An Encyclopedia of What We Love to Eat tells the intriguing fun and incredible stories behind the successes of these commercial food products and documents the numerous health related environmental cultural and politico economic issues associated with them With more than 700 alphabetically arranged entries this two volume encyclopedia contains enough listings to allow readers to research a wide range of fascinating topics The author treats the massive amount of subject material within this reference title in a fair and balanced manner A secondary focus of this encyclopedia is to chart the spread of some American fast food chains and commercially produced junk foods internationally
